WAR CLOUDS LIFT BLOODY SKIRTS

Prospect of War in Balkans Recedes as Concerted Action by the Powers is Promised

FRANCE AND BRITAIN IN FULL ACCORD

Paris, Oct. 6.—It was announced this afternoon that France and Great Britain are in complete accord on the principle of an immediate international conference to consider the Bulgarian situation.

Russia and Italy also are in favor of such a conference and even Germany is expected to adhere to the proposal. Furthermore the latest advices from Constantinople indicate that the porte will accept the advice of France and Great Britain and await the results of this congress.

TURKEY'S POSITION.

Constantinople, Oct. 6.—The council of ministers held a long session this morning to consider the action of Bulgaria in declaring her independence of Turkey at Tirnovo yesterday.

It was decided that it was impossible to accept any proceedings that violated existing treaties and that Turkey should address a circular note to the powers pointing out the necessity of taking measures to enforce respect for the treaty of Berlin.

Replying to the telegram sent to the Turkish government by Prince Ferdinand, in which he said that in declaring the independence of Bulgaria, he had been compelled to respect the voice of the nation and expressed the hope that the friendly relations between the two countries would continue. Turkey says she has invited the powers to confer on the situation and as her rights are guaranteed by the powers, she will look to them for their defense.

The Yenai Gazette, the organ of the grand vizier, says today:

"We are ready to defend our rights with all our strength. As the action of Bulgaria is not only directed against us, but against all the powers, we should ask the powers to defend their interests and protect the provisions of the treaty of Berlin."

According to this same journal, Austro-Hungary has informed the powers of her intention of withdrawing her troops from the Sanjak of Novipasear.

WILL CONVOKE THE POWERS.

St. Petersburg, Oct. 6.—The intention of Russia to convoke a congress of the powers to discuss revision of the treaty of Berlin was the subject of lengthy conferences yesterday between Acting Minister of Foreign Affairs Tcharykoff and the diplomatic representatives of the powers interested. These included the Turkish, British and Austro-Hungarian ambassadors. No statement of the attitude of the Russian government is obtainable today and the diplomats are unwilling to commit themselves regarding the possibility of a Turko-Bulgarian war as a result of Bulgaria's declaration of independence but the general impression is that Turkey will not regard Bulgaria's action, which was taken in the face of emphatic Russian protests, as a cause for war.

When the Russian foreign office was sounded in the matter of the Bulgarian proclamation it addressed strongly worded representations to Prince Ferdinand against the step, declaring it to be the duty of civilized powers to refrain from embarrassing the "Young Turks" in their efforts for reform. The original Bulgarian plan was to allow Austria-Hungary to take the initiative in annexing Bosnia and Herzegovina and to proclaim her independence while the attention of the powers was occupied with this matter. It was realized, however, that a spontaneous declaration and appeal would have a much greater effect on the popular imagination, and for this same reason Tirnovo, the ancient capital of the Kingdom of Bulgaria, was chosen as the scene of the historic act.

SERVIAN RESERVES CALLED.

Belgrade, Servia, Oct. 6.—The ukase calling out all the army reserves of first class, is published here today. These reservists total 120,000 men. It is explained officially that this step is taken because many time-expired soldiers are to leave the ranks October 14, and in view of the situation in neighboring Balkan states, and especially the inflamed state of Servia itself, it has been deemed advisable to fill up in advance the vacancies thus to be created. Telegrams received here from the provinces show great enthusiasm in favor of a war against Austria-Hungary for the reason that Emperor Francis Joseph's proposal to annex the occupied provinces of Bosnia and Herzegovina threatens to hem in Servia on the west, and furthermore the majority of the population of Bosnia are Servians and they are bitterly opposed to annexation.

PEACE PROSPECT IMPROVES.

Paris, Oct. 6.—The hope that hostilities may be averted in the Balkins is growing in Paris. The latest advices received here from Constantinople seem to indicate that the porte, for the moment, is not disposed to go further than a formal protest against Bulgaria's proclamation of independence.

Foreign Minister Pichon is continuing the conferences here. This morning he talked with M. Iswolsky, the Russian minister of foreign affairs, and M. Stancioff, the diplomatic agent of Bulgaria, and this afternoon he will confer with the British, Turkish, Italian and Spanish ambassadors.

France believes in the necessity of a new conference of the signatories of the Berlin treaty for the purpose of clearing up the situation and safeguarding the interests of all the powers concerned.

If the principle of a new congress is approved, France, in accord with Great Britain and Russia, will abstain from recognizing the independence of Bulgaria and the seizure of Bosnia and Herzegovina by Austria Hungary. This virtually will amount to backing up Turkey's protest, and by saving the self-respect of the porte will act as a calming and restraining influence.

Austria Affords Precedent.

Pursuant to this policy President Fallieres' reply to Emperor Francis Joseph will be courteous, but noncommital. In official circles it is pointed out that one of the strongest precedents against a single power disregarding the stipulations of a general treaty came from Austria Hungary herself. When the treaty of Paris of 1856 was revised in London in 1871, Austria-Hungary was loud in her protestation against Russia's refusal longer to abide by the provisions relative to the Black sea.

No official confirmation has been received here of the reports that orders had been issued in both Bulgaria and Turkey for the mobilization of troops.

Count Von Khevenhuller-Metsch, the Austro-Hungarian ambassador to France, indignantly resented in an interview today the imputation that Germany had inspired Austro-Hungary in the matter of the annexation of Bosnia and Herzegovina.

He explained that Austria-Hungary originally had occupied these provinces because the frontier was constantly thronged with thousands of refugees and that occupation was necessary in order to safeguard Austro-Hungarian territory.

"Great Britain more than any other power pressed us to occupy these provinces," the ambassador said. "At the congress of Berlin no one was deceived; everybody knew that this occupation was not temporary, but permanent."

Continuing, the count explained that the Young Turks' movement had produced a dangerous agitation in Bosnia and Herzegovina; but that it was impossible for his government to grant a constitution to the provinces. He said the Mussulmans there were mostly Slavs who had embraced Islamism in order to enjoy the privileges accorded Mohammedans. He was sure they would be overjoyed at annexation as they had been petitioning Austria-Hungary for annexation, a parliament and a constitution.

ISSUE IS STILL OBSCURE.

Berlin, Oct. 6.—The question whether there is to be peace or war in the Balkans has not yet been decided in Constantinople, according to official dispatches received at the foreign office today.

The ambassadors of the powers at Constantinople find the situation a difficult one, because the control of affairs does not rest altogether with the cabinet of the young Turks, but partially with the powerful committee of young Turks outside the cabinet. The cabinet and the committee appear to be divided in their views.

Official opinion in Berlin leads to the belief that there will be no war, insomuch as the change in the relations between Bulgaria and Turkey is merely a paper change. No material interests will be involved provided Bulgaria gives up her control of the Oriental railroad in Eastern Rumelia, as now seems probable.

Germany continues her attitude of reserve. She would not oppose a conference of the powers for the revision of the treaty of Berlin, if such a con-

FLEMING IN PISTOL BATTLE WITH HUNTER

Fort Wayne Game Warden is Shot, But Brings in Prisoner.

[Special to The Sentinel.]

Connersville, Ind., Oct. 6.—Rodney D. Fleming, of Fort Wayne, deputy game warden, engaged in a desperate pistol battle with a poacher near this city yesterday afternoon, and though wounded himself in the exchange of shots, pluckily captured his prisoner and turned him over to the Connersville police.

Fleming has a painful wound in the right side and groin, but his injury is not believed to be dangerous. He is resting easily today, and will be able to return to Fort Wayne in a few days.

Together with M. C. Dunlavy, of Indianapolis, another deputy game warden, Fleming was walking east of Connersville in search of hunters who were violating the law. They had arrested Owen Morris and were returning to the city with him when more shooting was heard in a neighboring woods. Fleming turned Morris over to Dunlavy and started to investigate the other shooting.

Within a short time Fleming had located the second hunter—Charles Jones, whom he found with two squirrels in his possession, and placed him under arrest for hunting in the closed season. Jones suddenly jumped back and drew his shotgun on the deputy, ordering him from the woods. Fleming refused to obey and Jones fired at him point blank, inflicting a very painful wound in Fleming's right side and groin.

Thought suffering from his injury Fleming pluckily drew his revolver and fired three shots at Jones. All of them took effect—one in the left side, another in the left arm and still another clipping two fingers from the right hand. Jones dropped to the ground and surrendered, and Fleming brought his prisoner to the city. Physicians say Jones' injuries are not dangerous. He was placed under bonds of $500 for shooting with intent to kill.

GIANTS MUST FIGHT CUBS AGAIN FOR THE TIE

Directors Uphold Umpires But Will Allow Game to be Played.

Cincinnati, Ohio, Oct. 6.—The three deciding directors of the National league this afternoon decided that the protested New York-Chicago game of Sept. 23 is a tie and gave permission to have it played off at a date to be agreed upon by the two clubs.

The three directors got together at 10:30 o'clock and began actual consideration of the case behind closed doors. It was then believed that a decision could be reached by noon.

Suggestions were unofficially made before the meieting that ig the directors decided that the game protested should be declared a tie, that New York and Chicago play the game over again. It was said that while this would be against National league rules, which calls for three games to be played if two clubs are tied for the championship, it would pacify the two sides to the controversy and prevent the matter being taken to the civil courts.

BIG CROWDS GREET BRYAN ON HIS IOWA TRIP

Nominee Talks of Duty of Citizens to Make Their Votes Register Will.

Perry, Iowa, Oct. 6.—W. J. Bryan got a rousing reception on the occasion of his arrival here today where he delivered the first of three scheduled speeches to an immense crowd. During the day he also will speak at Tama, and Cedar Rapids.

In his remarks he attacked the republican party for failing to make public its campaign contributions and reiterated his charge that this was because they feared the light.

Enroute to this city he spoke at Valley Junction, Waukee, Dallas Center and Minburn.

At Valley Junction Mr. Bryan spoke of the duties of citizenship and the obligations and blessings it conferred. There was no place in the world, he declared, where citizenship meant so much as it did in the United States, but he wondered whether the people who vote in the United States realize what a vote meant. A single vote, he said, had cost this country hundrds of millions of dollars, "Not to speak

TYPHOON THAT HIT LUZON DID MUCH DAMAGE

Later Reports Show Storm Was Severe Over the Island.

Manila, Oct. 6.—Restored communication with the northern part of the Island of Luzon discloses the fact that the typhoon which raged in this harbor last Sunday extended over a wide area and did considerable damage. The artillery barracks at Stotzenburg were destroyed by the storm and the troops are now camping in tents. The cavalry barracks were also badly damaged and the total loss at the post is estimated at $36,000.

The schooners Lucia and Soledad were wrecked on the coast of Mindora during the storm on September 27th, and all the passengers and crew of the Soledad but one were drowned. Captain Heinschien and nine members of the crew of the Lucia were also drowned.

Belated reports from all sections show that the storm, which reached here on Sunday, began on September 23rd, and did damage throughout the area affected amounting to several hundred thousand dollars.

BOARD MAY DECIDE TO PUT ON NEW SURFACE

Calhoun Street Not Benefitted by the Repair Work.

The board of public works may decide to resurface Calhoun street instead of putting down a lot more of patch work that has been shown by past experience to be of no benefit and with this end in view City Attorney Guy Colerick has been instructed to ascertain the exact liability of the bonding company on the old Alcatraz contract and to make an effort to collect it.

Bond given by the company had a two-fold object, one was to make all repairs promptly and the other was to turn the street over in good condition at the end of the guarantee period, allowing for deterioration and wear and tear. The city officials could not expect a street to be as good at the end of ten years as it was at the time of its acceptance and the city attorney's duty will be to figure out how much the company ought to pay.

If this can be satisfactorily figured and a settlement reached it is likely that a new surface will be put on the street and the money collected from the bonding company will be devoted to paying for it and relieving the pro-

HAMMOND GUTTERS RAN FULL WITH BOOZE

Thirsty from Slums in Mad Rush for Blind Tiger Stuff.

Chicago, Oct. 6.—Gutters of Hammond, Ind., ran brimming with liquor yesterday. Derelicts from the city's slums fell over each other in a mad fight to drink from the foaming current.

Thousands of other men and women cheered as barrels of beer were poured into the sewers and bottles of wine were cracked and tossed on the city dump.

Four thousand dollars worth of liquor was spilled by the authorities as a wholesale libation to the new county option law. The wine and beer had been seized two months ago in a raid on two blind "tigers" near Whiting. The beer and wine had been kept stored in the basement of the city hall.

The county option law was passed a few weeks ago by a special legislature convened by Governor Hanly at Indianapolis.

POULTRY FIRM WINS FIGHT AGAINST TOWN

Monroeville Ordinance Declared Invalid—The Courts.

John W. and Lewis Edwards, Monroeville poultry dealers, can go ahead and slaughter all the fowls they want to as Judge O. N. Heaton, in the superior court today, declared an ordinance passed by the town board is invalid as it is in unlawful restraint of trade and a discrimination.

The Edwards brothers built an expensive plant in Monroeville for the purpose of slaughtering poultry for sale and then the city passed an ordinance making it unlawful for any person, firm or corporation to kill more than twenty-five head in one day for commercial purposes. This practically put the firm out of business so the members tackled the ordinance and defeated it. In reviewing the case Judge Heaton says:

"The ordinance passed by the town of Monroeville treats as a nuisance and prohibits the slaughtering of fowls for commercial purposes within the town limits. In the opinion of the court, the trustees of a town may by ordinance establish reasonable regulations or limitations applicable alike to all citizens of such town for collecting, handling or slaughtering of fowls within or near the corporate limits of such town, but it cannot be claimed that the purpose for which fowls are collected or slaughtered constitutes the nuisance.

"That clause in the ordinance which limits the prohibition to the collecting or slaughtering of fowls for commercial purposes is an unlawful discrimination and restraint of commerce. I will therefore hold that the ordinance is void."

Chased Away from Home.

Dessie E. Kromm, according to her divorce complaint in the superior court, put in a few lively months as the wife of LeRoy Kromm which closed in an exciting chase in which he is accused of having put her out of the house after striking her twice and following her down the street applying vile names to her.

They were married last February and she says he has thrown her clothing out once before and told her to go home. He is accused of calling her vile names and expressing the wish that she would leave him. She asks to have her maiden name of Roberson restored. Henry and Guy Colerick are her attorneys. He is employed as a railroad brakeman.

WOMAN LEAPS INTO NIAGARA AND IS LOST

Unknown Female Eludes the Officers and Makes an End of Life.

Niagara Falls, N. Y., Oct. 6.—About 7 o'clock this morning a woman about six feet tall, wearing a black hat, long black coat, black shoes and spectacled, and of sallow complexion, appeared in the reservation here acting strangely, and tried to cross over the bridge to Goat island, but was stopped by a policeman, who told her that the island was not open to visitors until 8 o'clock. She continued to wander about, still acting strangely. She was questioned by the superintendent of the park police as to what she wanted, but obtained no information from her except that she was from Saginaw, Mich.

About 8 o'clock she walked toward Prospect Point. Officers started after her, but before they reached her she passed under the railing and leaped from the bank into the American falls and nothing more was seen of her.

This is the twelfth suicide here since July 1st.

GRAND JURY CALLS GOVERNOR.

Kentucky Executive Asked for Night Rider Information.

Hopkinsville, Ky., Oct. 6.—Governor Willson, who made a political speech here yesterday and discussed at length the night rider situation, was summoned today before the grand jury. He informed the jury he did not have personal knowledge of the membership of the night rider bands, but had sworn testimony at the capitol laying bare the secrets of the organization and at the proper time would submit the same to all grand juries in the terrorized districts.

Governor Willson said petty politics was the cause of his being summoned before the jury, but it would prove a boomerang to the politicians who had it done

WITH VOICE HUSKY SHERMAN QUITS INDIANA

Speeches at Kendallville and Butler Mark End of Hoosier Tour.

Kendallville, Ind., Oct. 6.—With voice almost used up, owing to the excessive speech making of the last ten days, James S. Sherman, republican candidate for the vice presidency, today reduced the number of towns in his daily itinerary to two. Yesterday he made nine speeches, every one to out of door audiences, and the strain of talking in the open air seriously affected his throat. Although sprayed after every speech, the speaker's throat gradually grew hoarser until at the night meeting here the address was short and Mr. Sherman retired to his private car, thoroughly exhausted physically.

But two addresses will be made today, one at Bryan in the afternoon and another at Toledo tonight, where the candidate has promised to take up new issues in the campaign. Today will mark the candidates first essay into Ohio, W. H. Taft's state, where he will remain three days, appearing Wednesday at Piqua and Columbus, and on Thursday at Mansfield and Akron.

From the latter point a long jump will be made to Chester, Pa., where Mr. Sherman will speak on October 9th. From there the candidate will go home to Utica to register on October 10th. After that he is scheduled to speak in East Orange, N. J., Oct. 12, and following that he will speak in Kingston, N. Y., and other Hudson river towns.

JIM GETS CONFIDENTIAL.

Butler, Ind., Oct. 6.—"Hurrah for Bryan!" was the greeting Mr. Sherman was met with here coming from the lips of a pretty young girl, whose eyes danced defiantly as she sent forth this challenge to the republican candidate for vice president.

"My dear young lady, you're not going to get left this morning but you will in November," replied Mr. Sherman.

"You are the most courageous person I've met in my travels and I congratulate you on your spirit. I like bravery in young ladies as well as in young men. Evidently you have been so misguided that you believe Mr. Bryan has a chance and that such a chance would be good for the American people, but it certainly would not. What of Mr. Bryan's predictions of either good or evil have materialized? Echo answers what?"

THOSE SAD, SAD EYES.

Melbern, Ohio, Oct. 6.—Although no stop was scheduled here when the train pulled up at the station the crowd was waiting in the hope of seeing Mr. Sherman.

The candidate was taking breakfast but rather than disappoint the people who had been patiently waiting for some time, he got up from the table and appeared on the rear platform, napkin in hand.

"I don't know where I have seen brighter eyes or more cheerful faces than I see here this morning," began Mr. Sherman. "Some time ago I was in England. I went through some of their large manufacturing cities, Birmingham, Manchester, and others in that free trade country. When I looked into the faces of the workers there, men, women and children, I saw something that I pray God may never come into the faces of American workmen. There was want and lost hope and the signs of a starved civilization that was grievous to look upon. All of that can be attributed directly to a free trade policy, and our happiness, contentment and prosperity is assurredly due to a protective tariff."

THE WEATHER.

Chicago, Oct. 6.—For Indiana: Partly cloudy tonight; Wednesday, fair and cooler.

Illinois: Partly cloudy tonight, with cooler in north and central portions; Wednesday, fair and cooler.

Lower Michigan: Partly cloudy with possible showers tonight; Wednesday, fair and cooler.

HITCHCOCK TO MEET TAFT IN CHICAGO FOR COUNSEL

Republican Chairman Will Discuss Campaign With the Nominee.

New York, Oct. 6.—Chairman Hitchcock, of the republican national committee, will meet Judge Taft in Chicago tomorrow night at the Deep Water banquet to be given by the Chicago Chamber of Commerce at which the presidential candidates Taft and Bryan will be present as guests.

Mr. Hitchcock was in conference at his hotel today with Secretary of the Interior Garfield, who has been speaking in Indiana and Ohio. Mr. Garfield regards both states as sure for the republican ticket.

Mr. Hitchcock will start for Chicago at 3:30 p. m. today.

TAFT FACED BIG DAY.

Moberly, Mo., Oct. 6.—St. Louis is to be the Mecca of the republican presidential candidate today.

After five short speeches, including Moberly, which got the candidate's first attention, Mexico, Montgomery, Warrenton and St. Charles, St. Louis will be reached shortly after noon. There an elaborate program of entertainment has been prepared.

Mr. Taft will make an extended address in the Coliseum in the afternoon and will witness the parade and attend the ball of the Veiled Prophet in the evening, besides holding public receptions at the Planters hotel.

He will leave for Chicago at one o'clock Wednesday morning.

Mr. Taft was wakened by the strains of a brass band here this morning. His train had pulled in long ahead of time and the populace was ready for him before the appointed hour.

He was escorted up town to the opera house, where, despite the fact that it was but6 o'clock, he addressed an audience which completely filled the theater and left nearly as many more on the outside. A steady rain did not dampen the ardor of enthusiasm.

MIGHTY THRONG IS OUT TO SEE THE CRUCIAL GAME

Tigers Fall on White Sox in First Inning and Score Four Runs.

Chicago, Oct. 6.—Frenzied fans, keyed to wildest enthusiasm by the critical stage of the American league series in which today's game between the Chicago club and the Detroit team will decide the championship, discounted the weather bureau's prediction of rain and long before the game was called hurried to the South Side ball park.

For the second time in three days Chicago faced a championship game and American league enthusiasts predicted that the wild scenes of Sunday's contest between the National league teams of Chicago and Pittsburg would be repeated in the combat between the Chicagos and the Detroits.

In the event of another victory for the Chicago team their percentage would be .586, while defeat for Chicago would mean that Detroit captures the pennant with a percentage of .588. Should rain prevent the game today it could be played off tomorrow or Thursday.

Percentage Possibilities.

The percentage possibilities of today's games for the three leaders follow:

	Win.	Lose.
Detroit	.588	.582
Chicago	.586	.579
Cleveland	.584	.578

At noon when the grounds were thrown open long lines of enthusiasts were waiting at every entrance. Many had been holding their places in line for hours. Most of them overwhelmed the sandwich counter and with food in hand joined the rush for seats. In advance of the game the spectators gave unceasing attention to a very close contest between the sun and clouds. At times the latter seemed certain to confirm the official prophesy of rain, only to have the sun tie the score and at times attain a narrow lead.

HANLY CHALLENGES MARSHALL TO A DECISION

Wants to Know What He Will Do With Law Repealing County Option.

Crawfordsville, Ind., Oct. 6.—Governor Hanly, addressing a large audience in Music Hall here last night, issued a challenge to Thomas R. Marshall, democratic nominee for governor, and gave him 10 days in which to reply to the people of the state.

The governor read a bill he prepared for repeal of the county local option law. Explaining his challenge Governor Hanly said:

"It is due to you that Marshall should explain his position now. If you permit him to wait until after the election his explanation may come too late. I have hit upon a plan by which I can afford him an opportunity to see a bill in which the people of Indiana will be profoundly interested. I want him to read it, and then I want him to take 10 days to consider it. At the end of the 10 days I want him to say as an honest man, worthy of the suffrage of a free people, will he sign it or will he veto it? It is such a brief bill that he ought to be able to make up his mind in less than 10 days.

"I want him to say," continued the governor, with increasing warmth, "what he would do with that particular bill if it should pass the legislature and come to his desk for action. Would he sign it or would he veto it? Let him say yes or no. Let him no longer hide behind the subterfuge of a coward."

The governor scored the Lieber-Fairbanks brewer lobby unmercifully. He declared that Albert Lieber, a well-known Indianapolis brewer, called years ago and served notice on him that if the Moore temperance law was enacted he would see that a legislature was elected that would repeal it. Lieber and his forces tried to defeat county local option, but failed.

PHILADELPHIA CELEBRATING.

Two Hundred and Twenty-fifth Anniversary of City.

Philadelphia, Pa., Oct. 6.—Two hundred and twentyfive years ago today thirteen German families, numbering in all thirty-three persons, landed in Philadelphia from the lower Rhine and established in what is now Germantown the first permanent German settlement in the United States. The commemoration of that event forms the principal feature of today's celebration of Founders' week. Second to this is the celebration of Municipal day with a parade this afternoon of police, firemen and letter carriers.

JEALOUS BOY TRIES TO DIE.

Indianapolis, Oct. 6.—Boyish jealousy prompted Roy Jones, seventeen years old, of Irvington, to shoot himself in the right temple after he had quarreled with a young girl last night. The bullet passed through the right eye socket, destroying the eye, and through the left socket, making a wound that it is believed, will destroy the boy's sight for life in case he lives.

KERN IN NORTH CAROLINA.

Asheville, N. C., Oct. 6.—John W. Kern, democratic nominee for vice president, left here early today for Greensboro, N. C., where he will speak on the Guilford battle ground. An all day picnic and barbecue has been arranged there in honor of his visit.

LAD DIES IN BURNING BARN.

Richmond, Ind., Oct. 6.—The five year old son of John Kleiber, of Cambridge City, was burned to death in the barn at the Gleiber home today. It is believed the boy, while playing with matches, set fire to the barn.

CITY BREVITIES.

Mr. and Mrs. Charles F. Freese have returned from a visit at Cleveland.

M. C. Chambers, general delivery clerk at the postoffice, has resumed his duties after an illness of pneumonia.

Miss Maggie Dunbar has returned from Lake James, where she spent two weeks.

The Degree of Pocahontas will give a tea at the home of Mrs. J. L. Bireley, 828 Walnut street, Wednesday afternoon.

This evening at 7:45 o'clock a concert will be given at Trinity Methodist Episcopal church. The program consists of vocal and instrumental selections, recitations, Indian club swinging by Mrs. W. P. Herron, wife of the pastor, and selections by the State School band. The affair promises to be largely attended.

In accordance with the orders of the school board, safety exit latches are now being placed upon all the outer doors in the Washington and Clay schools by J. M. Stouder & Company. The latch is placed on the inside of the doors and consists of brass rods about three feet long that extend across the doors about three feet from the floor. The slightest pressure upon the rods causes the doors to swing open. It is likely that the devices will be placed in all the city schools.

BOARD MAY DECIDE TO PUT ON NEW SURFACE.

perty owners of that much of the expense.

The board is proceeding on the theory that as the guarantee will have expired in a very short time the city will have turned over to it a street that is in constant need of repair as has been shown by past experience. The expenditure of any money collected from the bonding company would afford temporary relief but it would be only a short time before the surface would have to be renewed in any event.

While it had been practically decided to use an unexpended balance in the street account fund for these repairs and then proceed with the collection it is more likely that the resurfacing will be the plan finally adopted as the most economical. As soon as the board gets a report from Mr. Colerick the matter will be passed upon.

WILL BUY PARK PROPERTY.

Owner Offers to Take $10.000 for the Hanna Street Grove.

Mrs. Magdalena Weisser, owner of the grove on Hanna street, that is desired by the city for a park on the south side, has offered to part with her holdings for $10,000 if the city will assume the payment of new cement sidewalks just put down along the frontage. This pavement cost about $500.

When an appropriation was asked of $10,500 for this park it was cut out of the appropriations by Controller A. M. Schmidt, who had information to the effect that it could not be purchased for less than $12,000. Mrs. Weisser has been in the city several days and has offered her land. It consists of about sixteen acres and was condemned at one time but she took the case to the federal courts and beat the city. The city officials are in favor of the purchase and it will probably be made.

PEOPLE ARE REJOICING.

Philippopolis, Eastern Rumelia, Oct. 6.—The official announcement of the independence of Bulgaria made at Tirnovo yesterday by Prince Ferdinand has been enthusiastically received in this city, the capital of Eastern Rumelia.

Today the church bells are ringing and large crowds, headed by bands and parading the streets and holding peaceful demonstrations in front of the various consulates.

"Emperor" Ferdinand is expected to arrive here shortly.

PROTEST IS VOICED.

Saloniki, East Turkey, Oct. 6.—The committee of Union and Progress, which organized and carried out the recent successful revolution in Turkey on the part of the young Turks, has issued a proclamation in which it is set forth that the committee regards the declaration of Bulgarian independence and the intention of Austria-Hungary to annex the occupied provinces of Bosnia and Herzegovina as a violation of the rights of Turkey. It therefore solemnly protests in the name of humanity against this unfavorable attitude of Austria-Hungary and Bulgaria toward a people which is progressing in the direction of liberty. In conclusion, the committee appeals to Europe against "these attempts on the most sacred rights of the nation."

AUSTRIA NOT MOBILIZING.

Vienna, Oct. 6.—The reports that Austria-Hungary is mobilizing her troops were today declared to be without foundation. The ministry of war announced that no steps whatevr in this direction have been taken.

WAR RUMOR DENIED.

Sofia, Oct. 6.—The report that orders for the mobilization of one hundred thousand men have been issued was given semi-official denial here today.

GREAT FIGHT TO BE FOR OHIO AND INDIANA

Democrats to Concentrate on These Two States for Next Two Weeks.

Chicago, Oct. 6.—All the forces that the democratic national committee can summon will be brought into action within the next two weeks to make a successful fight for the democratic cause in Indiana and Ohio.

National Chairman Mack and W. J. Bryan will confer tomorrow on the situation in those states and dates for Mr. Bryan to speak in Indiana and Ohio will be arranged.

It is further planned to send speakers of national prominence, including several United States senators, into the middle west to aid in the final fight for Mr. Bryan.

Today Mr. Mack said:

"We are confident of Ohio and Indiana, but we propose to keep up keep the hottest kind of a fight to hold our position. Both Mr. Bryan and Mr. Kern will speak in Ohio and Indiana, and the committee is arranging speaking dates for Senator Bacon, of Georgia; Former Senator Carmack, of Tennessee; Senator Daniel, of Virginia, and Governor John A. Johnson, of Minnesota, and several prominent speakers.

"While we are planning this vigorous fight in the middle west, there will be no let up in the efforts we are making to bring New York into the democratic column, though many of the national committeemen have assured me that we can win without the Empire state.

"The national committee hopes to have Bryan speak twice in Indiana and Ohio.

At 2:30 o'clock every foot of available space being taken, the gates were closed. One hundred policemen maintained order. Play began at 2:38 o'clock.

SPA HOTELS LOSERS BY DECISION OF HIGH COURT

Supreme Tribunal Denies Rehearing to Gambling Cases.

Indianapolis, Oct. 6.—The appellate court today denied the petitions of the French Lick Springs and West Baden Hotel companies for a rehearing on that court's rule reversing a decision of Judge Buskirk, of the Orange county circuit court.

The court holds that an action can be maintained against the hotel companies to forfeit their charters in connection with the charge that gambling exists on the hotel properties. The supreme court today overruled Judge Buskirk, who quashed ten indictments against persons charged with visiting gambling houses at French Lick, he holding that the places where gambling was claimed had not been sufficiently described.

The cases will now be tried.

Of the two decisions, that of the appellate court probably is the more important. The effort of the state to have the charters of the hotel companies declared null because of an alleged vviolation of their charter rights in permitting gambling has been held up pending the court's decision. The action was begun more than a year ago but illness on the part of attorneys engaged in it and later on the part of Judge Roby contributed to the delay. Judge Buskirk sitting in the circuit court at Paoli had held that no action could be maintained against the hotel companies to forfeit their charters as the state sought. His decision was reversed by the appellate court some months ago but a rehearing was petitioned. The rehearing was denied today making possible immediate trial of the cases.

NEWSPAPER IS DEMOCRATIC.

Terre Haute, Ind., Oct. 6.—The following notice will appear in the Tribune this afternoon:

New York, Oct. 5.—Some time ago all the stock, preferred and common, of the Tribune Publishing company, of Terre Haute, was sold to R. S. Carver and his associates, who now own and control all the stock, franchises and property of the Tribune Publishing company, publishing the daily and Sunday Tribune at Terre Haute, Ind.

(Signed) A. A. McCormick.

In relation to the above, the announcement is made that the Tribune, which has been considered a republican paper and has always supported the republican national and state ticket, will be an independent paper, with democratic leanings.

The paper is supporting the democratic state and national ticket this year.

Stands by Statement That President Had Bad Connections in 1904.

Baltimore, Md., Oct. 6.—"Well, it was coming to Roosevelt," sair ex-Judge Alton B. Parker today, "and I gave it to him. Now let him reply."

Judge Parker referred to his attack on the president made in his speech last night when he accused the president of having been tied up with E. H. Harriman and Standard Oil interests in the campaign of 1904, when he (Parker) was the democratic candidate for president.

"What I had to say about the president I said in my speech last night," he declared, "and I don't know that I care to add to it just now. I stand by it all. Let him come back if he wants to. I have the facts and they speak for themselves."

of the continuing appropriations that that vote had brought upon us."

This remark had reference to the vote cast by the vice president in breaking a tie in the senate on its question of Filipino independence in 1898. He declared that the obligation of a man to serve his country in time of peace was just as binding as it was to serve it in time of war, and if, he said, "A man is ready to do some great thing at the call of the country, ought he not to be more ready to do that little thing that is required of him to go to the polls on election day and alone with lead pencil and his God make his vote represent a free man's will?"

He closed by calling attention to the labor planks of the democratic platform which he said pledged the party to remedy legislation in behalf of the working man.

DR. R. C. FLOWER STORMY PETREL OF FINANCE

Tempestuous Life of the Erratic Promoter Supposed to Have Been Recently Seen in Richmond by Detectives—Fugitive from Justice in Two States.

Physician, Lawyer and Minister, He Plunged Into the Whirl of Giddy Finance and Became Adept in Its Mysteries—Goldsmith's Jenkinson His Prototype.

R. C. FLOWER AND WOMAN SAID TO HAVE FINANCIALLY AIDED HIM

DR. R. C. FLOWER.

MRS. WALTER E. DELABARRE.

New York, Oct. 6.—Wares for all men has "Dr." R. C. Flower, from gout remedies to clay telegraph poles, mining stocks, town booms, gold ore, irrigation systems, theology and law. He is as elusive as Ephraim Jenkinson, who defrauded the good vicar of Wakefield, and his wanderings have taken him to every corner of the American continent, where under new names and novel guises he drives his varied trades.

This venerable bird was flushed last week out of the thickets of shady finance by the police of Richmond, Va., and there immediately started in his pursuit the police of New York and Philadelphia, for in both municipalities his bail bonds were forfeited.

Altogether a remarkable man is "Dr." Richard C. Flower, who has now reached the age of nearly three score and is still following shady paths and going deeper and deeper into the dells of financial intrigue, if the reports which come from him from time to time be true. When heard of a few days ago he was in the company of cheap mining promoters, quack doctors and trunk thieves. His lines have not been falling in pleasant places of late, but in his time men who controlled millions came under the sway of this man, who was accounted an impostor in medicine and a quack in finance.

Flower a Plausible Adventurer.

No more plausible adventurer ever steered across the sea of stock promotion than Richard C. Flower. His courtliness of manner, his faculty for wheedling flattery, his deferential bowings and scrapings concealed the shrewd observations of human nature which were constantly conducted under his genial mask. His grave face, his gray hair and the look of benignity and wisdom which was heightened by his gold bowed glasses gave "Dr." Flower an impressive appearance which was worth fortunes to him in his day. He was the veritable incarnation of that smooth sharper whom Oliver Goldsmith described in the words, "His locks of silver gray venerably shaded his temples and his green old age seemed to be the result of health and benevolence."

"Dr." Flower was a farmer boy whose sense of acquisitiveness developed at an early age. He was born on December 16, 1849, near Albion, Ill. His father was Rev. Alfred Flower, who varied the saving of men from the Sower of Tares by tilling the glebe. His grandfather is said to have been a friend of Thomas Jefferson.

Richard C. Flower acquired most of his own knowledge, with the aid of occasional tutoring. His early life was passed in humble surroundings, and at the age of thirteen he formed his determination of faring out in the world on his own account. Largely through his own exertions he provided funds for a course in a business college, and after a few months of training mastered the intracacies of double entry and of compound interest. He was always an adept at figures, and with more facility than most men he could make them tell what he wished. If he had purposely started to fit himself for a career which he himself calls pyrotechnic he could not have selected a broader course of instruction.

His studies in the business college convinced him that if he ever expected to influence men he must have more education or the appearance of it, and prompted by "higher ideals," as he said, he sought instruction in Butler university, in Indianapolis. His progress was rapid, and he developed a glibness of speech in proportion to his increase of knowledge. He had the happy faculty of his prototype of the Goldsmith story for making a little learning go a great way.

Flower was naturally of a didactic turn of mind and he was stirred within ever since he was a child with a desire to exhort. He had what in the homely western phrase is termed "the gift of gab," and the first subject in which he acquired oratorical facility was religion. He preached to his first congregation when he was fifteen years old, and through Indiana and Ohio he was known as a boy evangelist.

Yet he was not content to take merely theology for his province, for while he was still in the university he turned his attention to medicine and studied with Professor R. T. Brown, of Indianapolis, from whom he acquired the rudiments of his profession, and later he obtained a degree from one of the small medical colleges which then flourished in Ohio. Neither medicine nor theology insisted on very high standards in the middle west in the days when "Dr." Flower was a student, and he found little difficulty in choosing a profession.

He first turned his prentice hand to preaching and held charges in Henderson and in Bowling Green, Ky., from 1869 to 1872. According to snatches of autobiography which the doctor furnished to a reporter who knew him he found that his health would not permit his remaining in the ministry continuously, so he appointed a sabbatical year for himself and for relaxation studied law.

After wrestling with Blackstone and the Penal Code Dr. Flower returned to the ministry. He was identified with the Disciples, which was then, as it is now, a powerful sect in northern Ohio. He might have continued a Campbellite preacher all his days had not a quarrel in his church stirred a deep seated love for controversy. Alliance, Ohio, which was Dr. Flower's field of labor, is a flourishing college town and one of the strongholds of the Disciples. It was also a hotbed of theological controversy. Dr. Flower had then as now broad and liberal views, and the result was a difference of opinion between him and some of his influential parishioners on a variety of subjects. There was a split in the church in 1877, and he formed an independent body, taking with him many of the seceders. His independent church, like many of his enterprises in subsequent years, was at first a brilliant success, and frequently he held services in the large town hall which were attended by two thousand persons.

He was attacked vigorously by one Matthew Hester, a member of the original church, who published a letter purporting to give an account of the doctor's life and making serious charges against him. These charges the clergyman vehemently denied, and brought suit for libel against Hester, which he lost.

While still engaged in preaching, he found time to attend to a constantly growing medical practice, which was somewhat allied to faith healing. He made his personal magnetism and his persuasiveness count for all that they were worth. The stirrings of ambition within him as well as the disagreeable after effects of his controversy with Hester caused the doctor to drift to the east and in the spring of 1880 he had established himself as an "advertising" physician in Philadelphia. He seems to have prospered there at first and he managed to get the confidence of some men of wealth. Several cures were ascribed to him and he encountered several financiers who taught him some of the deeper principles of the financial game. His methods of practice everywhere brought down upon him the criticism of physicians. Many of them attacked his right to practice. The doctor had many ingenious and high sounding theories and asserted that he could read the language of disease. Occasionally, he gave the semblance of faith healing to his methods, and at one time, without being asked to do so, took up the cudgels in defence of Christian Science.

"Not that I am one of its disciples," said he, "but I like to see every one free to practice medicine as he wishes."

Attacked in Many States.

His travels through various states, in some of which, at least, he did not go through the formality of obtaining a license, were attended by many attacks. He remarked once with a glow of pride that in Virginia alone, the state where he was last heard of, twenty-eight warrants had been issued against him. He remained in the state and fought them off and his enemies were not able to confound him.

Boston presented a congenial field and there he recognized the possibilities of the prescribing by mail system. He made the acquaintance of another physician of similar tastes who was versed in all the intricacies of eloquent delineation of symptoms. His enterprise seemed brilliantly successful and the doctor was so confident that he plunged in the building of a sanitarium at a cost of $50,000, which he called the Hotel Flower. Despite certain criticisms he might have made this enterprise the means of making a large fortune, but the spirit of adventure tempted him to take long chances on outside business. The result was the loss of his hotel.

From this time "medicine" was only an incident in the life of "Dr." Flower. He practised finance and steered by the subtleties of the penal code as exemplified in various states.

He became a promoter from that time. One of his first ventures was in leather. Then he became sure that there was a fortune in coke and manipulated the affairs of the Illinois Coal and Coke company. He formed the acquaintanceship of Gideon F. T. Reed, of this city, whom he had cured from what was diagnosed as paralysis and over whom he obtained a singular control. Mr. Reed became interested in the coke company and also built near Peoria, Ill., a town, Reed City, which he adorned with a $50,000 library. The town moved away, leaving the houses and the dismanteled repository of lore. Even the sanguine "Dr." Flower was forced to admit that the town enterprise was a failure, so he turned his attention to helping a citizens' committee boom the city of Peoria.

Of the daring schemes of his heart there was none of which the physician promoter was more fond than Kem Kom. It was never quite clear what Kem Kom was, but there were unfeeling critics who said that it was closely associated with bunco. Kem Kom was a mysterious compound which, mingled with coal, was supposed to burn with a hotter and fiercer flame and thus cause it to evolve more power. It is believed that it was oxalic acid or some such chemical. The trouble with the Kem Kom company was that its product had a way of glowing so fiercely that it glowed all North Carolina land which the corporation was supposed to own.

Dr. Flower found finance as tempestuous as theology, and more so. He became the stormy petrel of the ocean of promotion. Wherever he went troubles seemed to follow in his wake. Certain of the Chicago stockholders grew critical and talked of having him indicted. As they were rather slow about it the financier went to Galveston, and while there, he maintains, he was kidnapped by nine detectives who had been sent after him and without process of law conveyed back to the Windy City. One of the stockholders wanted $350,000 out of which he declared the doctor had defrauded him. This matter dragged along for years, and the subscriber never realized his hopes.

Flower attained most notoriety in his Security Mining and Milling company, the securities of which he began to industriously float eight years ago in this city. He established an office in Wall street, which was handsomely appointed. He lived in splendid style. The doctor had not only a house in the city, but a large dwelling in Rutherford, N. J., which was one of the show places of the town. For a part of the time he resided at the Waldorf-Astoria. He had, according to his own engaging story, bought a company with mines in Colorado at eight cents a share and within a few weeks he had reorganized the concern and was selling stock at $1, and before he got through was acquiring what a certain grocer not noted for his mathematical accuracy would have called "one hundred per cent profits," for he was selling the stock at $8 a share.

He consolidated the company with the Silver Cliff Mining company. On the Security Mining and Milling company deal Flower said that he had cleared $1,200,000, but that he had lost some of the money on less profitable ventures. He became known for a brief space of time as a man of means and he gave the impression, without ever actually saying so, that he was a brother of the late Roswell P. Flower.

He was also dabbling meanwhile in medicine again and established in West Thirty-fourth street a pretentious establishment known as Flower Medical company. Having no license to practice in this state himself, he obtained the services of a physician who was so equipped and thus evaded all the efforts of the County Medical society to prosecute him. The medical company was well under way in 1899 and for nearly two years continued in existence.

Dr. Flower was at the same time manipulating the Arizona and Eastern Mining and Smelting company, which guaranteed twenty-four per cent. a year and paid dividends for more than a year at that rate. With this he combined the Lone Pine company. He induced a friend, Theodore Hagaman, to invest $300,000 in this enterprise and later persuaded his widow on the death of Mr. Hagaman to exchange it and make an investment of $400,000 in all in some other equally valuable stock. The Hagaman heirs brought suit against the widow. Hints were made that there had been something very peculiar about the death of Dr. Flower's friend Mr. Hagaman. The district attorney took the matter up and the body was actually exhumed.

Meanwhile the financial schemes of "Dr." Richard C. Flower in New York fell like a house of cards. His associate in the medical company was arrested on a charge of forgery, and the corporation fell upon evil days. The doctor himself was arrested on a charge of a Mrs. Taylor, who objected to one of her investments with him, and while the district attorney was considering more serious matters he was admitted to bail in the sum of $20,000, given by a Mrs. Cornelius Storrs, of Brooklyn. He said when he got out of jail that he would never think of fleeing from the state, but he did, and Mrs. Storrs paid the money.

The sheriff sold the office furniture of the latest mining company. This was five years ago, and the doctor has since been a wanderer on the face of the earth. He went to Mexico, where it is said that he posed as a priest. A woman resembling Mrs. Hagaman was seen with him on his travels.

He was captured a year ago in Philadelphia, and, fighting extradition, was released on bail. He jumped his bail as usual. He was at that time known as Dr. Oxford and was interested in a company supposed to make clay telegraph poles.

A fugitive from justice from two states, Flower is believed to have been in Richmond, Va., under the name of R. C. Courtland recently, and a Mrs. Courtland, who also was there, closely resembled Mrs. Hagaman, later the wife of Dr. Walter F. Delabarre, who is said to have spent $500,000 in promoting the doctor's investments.

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these faithful women that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say:

"I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it.

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Some pleasant symptoms that the stuff stored in the powder magazines of Europe has been affected by dampness. The indications that it will go off are growing beautifully less.

James S. Sherman has cordially invited John W. Kern to be present at the sunny one's inauguration next March. On the other hand, the man from Utica will find that in certain not wholly unexpected events the Hoosier with the cheerful whiskers is not to be outdone in hospitality by any one.

Out of twenty-eight Ohio counties in which local option elections have been held recently one county has voted wet. This result came out of the election in Defiance county and was not unexpected. The total results to date show a wet majority of 800 and a dry majority in twenty-seven counties that approximates 30,000. The people voted Monday in seven counties and in six of them the saloons were abolished by majorities ranging from 199 in Pickaway county to 2,000 in Champaign county. In the other four the majorities exceeded 1,000 for each. Within two weeks more than a third of the Ohio counties have gone dry.

Congressman Longworth has issued a formal denial of the language attributed to him in a speech at Rock Island, wherein he was charged to have said that after eight years of Taft administration there should be eight more years of Roosevelt. Newspaper reporters of Rock Island now depose to the effect that Congressman Longworth did say it, though he is given the benefit of a statement that what he said was in response to a bit of pleasantry by the chairman of the meeting, in which some flattering allusions were made to the future of the president's son-in-law. It may be that the Cincinnati congressman was merely joking. If so he doubtless realizes the grave import of any jocose references to his very distinguished and tremendously serious father-in-law. It is to be noted that Mr. Longworth has retired from the stump.

The possibility of war between Turkey and Bulgaria can hardly be considered remote with such an acute issue as a Bulgarian declaration of independence provoking a belligerent spirit in both countries. At the same time, it is not probable that the powers signatory to the Berlin convention of 1878 will leave undone any honorable thing to preserve the peace of Europe. Late dispatches from European capitals tend to discount the probability of war. The Turkish government displays well controlled temper and while Bulgaria is undoubtedly going forward with her preparations to meet eventualities, there is no turbulent manifestation of a national spirit of belligerency. Turkey will appeal to the powers to compel Bulgaria to keep inviolate the terms of the treaty of thirty years ago. Meanwhile, it should not be overlooked that the situation is full of perils to European peace and that there is a sufficient provocation for an appeal to arms.

There is little use trying to interest Americans in the European war scare, the presidential campaign, the Koch theory of a dual tubercle or what Roosevelt is going to say next until this nerve-tearing, heart-breaking, sleep-destroying baseball business is over. Cubs or Giants, Sox or Tigers? Those are the burning issues of the hour in the land of the free. And when these have been settled there will be a world's championship series which will divide the country into two vast hostile camps that will want to bet their money, frazzle their vocal chords and mayhap fight each other for the triumph and glory of their favorites. It's a great game and in the truest sense a national game. Also, in some of its related aspects a more or less crazy game. But the country will be over its dementia as soon as the final championship is settled. Then perhaps Mr. Taft and Mr. Bryan and Abdul Hamid and the new czar Ferdinand can get in the spotlight. But until then—avast.

HOODOO DAY AT LOGANSPORT.

Two Killed and Three Hurt in a Series of Accidents.

Logansport, Ind., Oct. 6.—In a series of accidents in this vicinity yesterday two deaths and three injuries resulted. Louis Kramer, 38 years old, a resident of Royal Center, north of here, was struck by a Pennsylvania train, but details of the accident are unknown. He was found unconscious on the tracks and died soon afterward. He was unmarried.

Mary, the 2-year-old daughter of Chester Buchanan, north of this place, while playing fell into a cistern and was drowned.

Michael Kiehl, an old man, while attempting to board a street car, was struck by a horse and suffered injuries which were fatal.

Ross L. Prescott, a school boy, while playing foothall, received a broken collar bone and possibly internal injuries. In the same game, Harry Eisle, a companion, suffered a dislocated hip.

An auto, driven by Dr. J. W. Ballard, collided with a carriage on Market street, in the downtown district, and Dr. Ballard was seriously hurt. The occupant of the carriage, a man, jumped and escaped injury. The machine and carriage both were badly damaged.

WEDS TOO MUCH OF A FAMILY.

Man Refuses to Support Wife's "Child" When He Finds "It" Married.

Detroit, Mich., Oct. 6.—An unusual story was told by Richard St. Clair in Judge Donovan's court yesterday. He said that when he married his wife, Ruth, in 1904, he knew that she was a widow with one child, but he did not suspect her age. He was astonished when, a short time after, a full grown man came to the house and announced himself as her son. The son had his wife and a child with him, and the three took up their residence with St. Clair. The son then refused to do any work, and when St. Clair remonstrated he declares the son beat him. St. Clair says that his wife developed a fondness for tough dances and drink. They split up in 1907 and St. Clair will get a decree.

TO PUT VAUDEVILLE IN PULPIT

Preacher Will Do Handcuff Act to Draw Crowd.

Springfield, Ill., Oct. 6.—Rev. Charles E. Campbell, pastor of the Presbyterian church at Taylorville, has decided to add vaudeville to his Sunday evening service in the hope of drawing a larger attendance. In the local newspapers yesterday he announced that on next Sunday evening before the sermon the pastor would perform the famous handcuff act. With a heavy steel chain he will allow anyone in the audience to bind both wrists and fasten the chain securely with a padlock, and he promises to release himself in ten minutes. Permission is given the audience to examine the chain and to furnish the padlock, if so desired.

HUNT CURIOS IN RIVER BED.

Jeffersonville Citizens Search for Relics at Bottom of Dry Ohio.

Jeffersonville, Ind., Oct. 6.—The effect of the drought, which has prevailed for two months, nowhere is more evident than in the stage of the Ohio river at this point. The river is so low that just below the falls it is possible to walk on the bed of the stream more than half way across.

Hundreds of persons from the falls cities today visited that point to enjoy the novelty of roaming at will over the bottom of the Ohio. Curio hunters by the score have visited the river recently and dozens of relics of much interest and considerable value have been found.

MISSOURI POLITICIAN DYING.

HASKELL SEEKS FACTS AS TO OKLAHOMA OIL LEASES

He Demands That President Roosevelt Explain All the Details.

Guthrie, Okla., Oct. 6.—In an open letter addressed to President Roosevelt yesterday Governor Haskell asks the president to explain certain transactions in connection with the granting of a lease on 680,000 acres of Osage Indian lands to the Prairie Oil and Gas company in July, 1906.

Governor Haskell says in part:

"In a recent communication I requested of you information concerning the granting of a lease in July, 1906, to the Indian Territory Illuminating Oil company, a Standard Oil company subordinate, on 680,000 acres of land belonging to the Osage Indian tribe in this state. In otherwise answering that communication you entirely omit this important question. From careful investigation, however, the facts as they appear to me are as follows:

"In 1896 a lease was made by the Washington authorities to one Edwin B. Foster covering practically the entire Osage nation. At that time there was no oil production or development probably nearer than the state of Indiana, so that the lease was made for so long a period as ten years in order to give time for development. Foster transferred his rights to the above named company.

Finds Indians Ignored.

In regard to the passage in 1905 of a rider on the general appropriation bill authorizing the presiden to make a new or extended lease, Governor Haskell relates that a number of conferences were held between PresidentRoosevelt and Messrs. Guffey and Barnsdale of Pennsylvania, Standard Oil agents. Governor Haskell charges the president with refusing to grant Osage Indian representatives a consultation while negotiating at length with Standard Oil agents.

The letter continues:

"It is a low estimate, Mr. President, to say that you should have obtained for them a one-sixth royalty of the production and in addition to that, a very moderate estimate, at least $7,000,000 cash bonus or a greater equivalent royalty and then their subleasing to actual operators in small tracts would have left the Standard Oil company a handsome profit, indeed a fabulous sum beyond the comprehension of ordinary minds. Did you get them any such sum? No; you got them only a bare one-eighth royalty.

Sees Duty to People.

"Mr. President, this question has passed beyond the stage of political discussion as far as I am concerned. I, sir, am Governor of Oklahoma, of which state these Indians are citizens and entitled to the best protection I can give their interests. It is my duty to see, to the fullest extent possible that no citizen or aggregation of citizens of my state shall suffer from indiscretion or bad judgment of any guardian of their property.

"I therefore insist that without unreasonable delay, I may be advised as to the correctness of the above acts and, in behalf of my people, the Osages, I demand a revocation of such unwarranted and unjust lease and I beg to advise you now that since this has become my official duty I shall carry it before the next congress of the United States, unless there is a clear showing that my people have not been unfairly treated."

RICHARD HARDING DAVIS HIT.

North Castle, N. Y. Oct. 6.—The discovery was made yesterday that during Sunday night the stables on the country place of Richard Harding Davis, the author-playwright, had been broken into and three valuable horses stolen. The occurrence is aggravating to Mr. Davis because of the fact that only a few weeks ago he was appointed a deputy sheriff of Westchester county, the news being spread far and wide and giving rise to considerable comment of a good naturedly humorous character.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

There was a $600 audience at the Academy last night.

The present season, socially, promises to be one of the liveliest Fort Wayne has known for a long time.

J. W. White, of this city, has purchased the mill property of Burgess, Coleman & Bain, at New Haven, for $15,000.

According to the Goshen Democrat, the Island Park Assembly at Rome City is short $1,400 on the season's business.

The fine of $20, which was formerly imposed on Pittsburg train and yardmen for the loss of switch keys, has been reduced to $5.

Last evening Edward Diether and Adelia A. Marshall were married by Rev. W. H. McFarland at the bride's home on Griffith street.

Mr. Fountaine, who has been in the city for some time contemplating the establishment of a pin factory, has abandoned the project so far as Fort Wayne is concerned.

Philip Lallow was killed by a falling tree east of New Haven. A faithful dog watched by his master's side for hours and kept away a hungry drove of hogs that would have torn his body to pieces.

Quite a respectable number of Fort Wayne people, accompanied by the City band, went down to Bluffton this morning to attend the soldiers' reunion. A big sham battle is in progress this afternoon.

The scaffold on which McDonald is to be hung is now in course of construction. It was not thought advisable to postpone work until Monday pending the decision of Governor Porter on the application for a respite.

After Justice T. A. Wilkinson had driven two and one-half miles into the country to perform a marriage ceremony, he discovered that the license blank had not been filled out. The groom had to make a trip back to the city to have the license properly executed.

The session of the Woman's Christian Temperance Union for this congressional district ended yesterday, and the following officers were elected for 1884: President, Miss Maggie Swain; secretary, Mrs. Lizzie Ross; treasurer, Mrs. M. M. Dickinson; county delegates and presidents of unions in the several counties; Mrs. B. A. Kemp, Lagrange; Mrs. Ed Engle, Noble; Mrs. E. D. Hartman, DeKalb; Mrs. Nora Gause, Allen.

DR. HARDMAN, SPECIALIST

Cures Pelvic, Nervous and Chronic Diseases and Guarantees Satisfactory Results in All Cases He Accepts for Treatment

Successful Treatment Depends Upon a Thorough and Scientific Examination.

Did you ever stop to consider what it costs you not to enjoy health?

Every man who does less than he should do at his desk, in the shop or on the farm is suffering either directly or indirectly from some disease or affliction that is silently wrecking his nervous system, breaking down his vitality and ruining his chances of successfully competing with his fellow men.

Think it over and consider if you can afford, as a matter of business, to neglect yourself and risk FAILURE because you are handicapped by disease.

Many a man has been forced to abandon a successful career because of some PELVIC OR CHRONIC disease, which had insidiously wrecked his nervous system and unfitted him for performing the duties which he otherwise would have been able to perform.

I have made a special study of PELVIC, CHRONIC and NERVOUS diseases and have perfected methods that will ABSOLUTELY cure where the ordinary methods have failed.

It makes no difference how long you have been afflicted, if I accept your case I will positively cure you.

In this day of active competition to attain that measure of SUCCESS for which we were intended, it is absolutely necessary that all the faculties should be unimpaired.

Nearly all NERVOUS DISEASES, including NERVOUS BREAKDOWNS, are the direct result of a disease of one or more of the Pelvic Organs.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without the knife and without detention from business.

BLOOD POISON.—I use only the most advanced methods in the treatment of Blood Poison and kindred diseases.

PROSTATIC ENLARGEMENT—Results from inflammation. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

ECZEMA and other skin diseases quickly and permanently cured.

FREE EXAMINATION—I charge you nothing for this examination and if I accept your case for treatment the door of HEALTH is open for you, no matter what your past experience may have been.

IN THE CHURCHES

MANY DELEGATES ARRIVE FOR GREAT LUTHERAN CONFERENCE

Meeting of Fifty-Seventh Annual Synod Opens Tomorrow.

Throughout the day delegates to the fifty-seventh annual convention of the northern district of the Evangelical Lutheran joint synod of Ohio and other states, to open here tomorrow at St. John's Evangelical Lutheran church, have been arriving, and the prospects are that by morning the expected one hundred and seventy-five clerical and lay delegates will be in attendance at the opening service and first session of the week's conference. All arrangements have been completed for the care and entertainment of the visitors during their stay in the city. They will lodge with members of the congregation of St. John's and Grace Lutheran churches, and dinner and supper will be served each day in the basement dining room of St. John's school hall. The ladies of the parish are in charge of the work, under the direction of Mrs. H. P. Dannecker.

The opening service of the convention will be held tomorrow morning at 10 o'clock in St. John's church, when Rev. J. C. Koepplin, of Detroit, Mich., will deliver the sermon. Following the service all delegates will assemble in the school hall, where all sessions of the convention are to be held. This first session will be opened with an address of welcome by the pastor, Rev. H. P. Dannecker, who, as president of the northern district, will also make the response and later present his report. An organization meeting, selection of candidates for election and preparatory work constitutes the general plan of the work of the opening session.

This synodical conference promises to be one of the most important and best attended affairs of its kind ever held in this city and the program of the work to be covered during the conference is replete with interest and demonstrative of the active, energetic and progressive work the clergy and laity of the northern district are accomplishing.

Missionary Convention at Coesse.

A "one day missionary convention" was held yesterday at the Methodist Episcopal church at Coesse, of which Rev. Chester Nelson is pastor. Rev. Loren M. Edwards, Rev. Charles A. Rowand and Rev. W. P. Herron, of this city, attended and participated in the work. Sessions were held morning, afternoon and evening; all were well attended, particularly the evening session. Rev. Edwards gave a brief address in the morning on "Superannuates in Ministry." At the afternoon session Rev. M. C. Pettinger, of Coesse, led the devotional, Rev. Herron spoke on "Christian Education" and Rev. Charles A. Rowand gave an address on "The Race Problem, What Should be Done in Behalf of the Negro." At the closing session in the evening the pastor led the devotional and Rev. Edwards dwelt on "The Financial Question in the World's Evangelization."

* * *

A "one day missionary convention" is in progress today at Simpson Methodist Episcopal church, of which Loren M. Edwards is pastor. Addresses were delivered this afternoon by Rev. Charles A. Rowand and Rev. W. P. Herron. Rev. T. J. Johnson, of Muncie, Ind., will deliver an address this evening. Tomorrow the missionary convention will be held at Wayne street M. E. church, at which there will also be an afternoon and evening session.

At the mid-week devotional service at the First Methodist Episcopal church on Wednesday evening, the pastor will present a study of the gospel by Matthew. Immediately after the prayer meeting there will be a meeting of the Sunday school board, which is composed of all officers and teachers of the Sunday school. The monthly meeting of the official board of the church will be held this evening in the pastor's study.

The south side division of the Ladies' Aid society of the First Methodist Episcopal church will be entertained on Friday afternoon at 2:30 o'clock at the home of Mrs. Mattie Garwood, 231 West DeWald street.

Plymouth Church Notes.

The annual meeting of the congregation of Plymouth church will be held on Wednesday evening at the church at 7:30 o'clock. The presence of every member is desired. Interesting reports will be read and the annual election of officers will take place. Following the business session there will be a social gathering under the auspices of the Ladies' society. An interesting program has been arranged for the occasion, after which refreshments will be served. Mrs. L. P. Hulburd will be in charge, assisted by an efficient committee. All members and attendants of the church are most cordially invited. The order for other mid-week meetings of the month will be as follows:

Oct. 14—Union Missionary meeting; special topic; election of officers.

Oct. 21—Modern lessons from the Life of Peter. Acts 3:6; 5:29.

Oct. 28—A Woman's Work in the Church. Mrs. W. E. Mossman and Miss Gladys Williams.

The Young Woman's society of Plymouth Congregational church will meet next Monday evening at the home of Mrs. O. S. Jones, 129 East Leith street. Members will please notice the change in date. The annual election of officers will take place at this meeting.

The Young People's society of Christian Endeavor of Plymouth Congregational church will be entertained at supper by Mr. and Mrs. Adolph Schilling, at their home on the Bluffton interurban road. Those who will attend are requested to get off at stop 8.

Epworth League Meeting.

At the monthly business meeting of the Epworth League held Monday evening at Wayne Street Methodist Episcopal church Mrs. Emily Griswold was elected president and Miss Olive A. Lenig first vice president. During the meeting a bonfire was made of the note for $50 given Miss Mabel Bechtel last spring for missionary money dues. A mission study class was organized at the meeting with Miss Mabel Bechtel as leader. The book selected for study is entitled "The Frontier," written by Dr. Platt Ward. A bible study class was also organized with the pastor, Rev. Dr. Frank Lenig, as leader. The book selected for study is entitled "Studies in the Old Testament." Meetings will be held weekly immediately after the regular Wednesday evening prayer meeting. It was also decided to observe Old People's day on Sunday, October 18. There will be a special sermon by the pastor appropriate to the occasion, the church will be handsomely decorated and plans will be carefully made for the comfort of all the older people of the church. Under the direction of Miss Minnie Valentine and Miss Mabel Bechtel it was agreed to give a Hallowe'en party at a date to be announced later. The meeting was very largely attended and great enthusiasm is being shown in the work of the league.

Dr. Chapman to Visit City.

At the meeting of the national evangelistic committee of the Presbyterian church held recently in New York city, it was voted to send Dr. J. Wilbur Chapman and his companion, Charles M. Alexander, evangelistic singer and former associate of Dwight L. Moody, on an eight months' trip around the world. They will visit Australia, China, Japan and the Philippine islands, holding large meetings in the different cities of these countries. They will sail from New York the beginning of April, but before taking their long journey to the antipodes expect to visit Fort Wayne and conduct a series of meetings soon after the New Year.

Dr. Chapman is now in Orville, Can., where he will be engaged in evangelistic work until next Tuesday. From Oct. 16 to November 1 he will be located at Hamilton, Ont., Canada. After the first of the year Dr. Chapman has planned to speak in the following cities: Richmond, Va.; Springfield, Mass.; Boston, Mass.; Chicago, Ill.; Oklahoma City, Okla.; Salt Lake City, Utah, and Vancouver.

Christian Church Conference.

The annual sessions of the Indiana State conference of Christian churches will be held in Huntington this season, opening at the First Christian church in that city on Tuesday, October 27th and continuing until the 29th inclusive. This state gathering of clerical and lay delegates of the Christian church promises to be the occasion of a very notable program, covering the important topics of progressive church work. Prominent pastors and leaders will talk on the missions, Christian Endeavor organizations, church extension, Sunday school work and the duty of the laymen in the church. Rev. W. A. Freeman, of Cynthiana, will deliver the opening sermon and among other prominent workers who will attend are: Rev. J. F. Burnett, of Dayton, Ohio Rev. C. B. Whittaker, D. D., president of the Union Christian college, of Merom; Rev. Clarence Defur, of Merom; Rev. J. C. Francis, of Wingate; Rev. K. E. McCord, missionary to Japan, now home on a furlough.

This organization of Christian churches was founded by Barton W. Stone, of Kentucky, and did not unite in the movement now known as the Churches of Christ.

HARRY W. SOMMERS HAS FILED RESIGNATION WITH DIRECTORS

Popular Manager Soon to Leave the Anthony Wayne Club.

Harry W. Sommers, for the past five years manager of the Anthony Wayne club, is about to sever his connection with that institution, and has placed his resignation in the hands of the board of directors.

The matter has not yet been taken up by the board, and it is probable that the resignation will not take effect for several weeks. Mr. Sommers, it is known, has a number of other business offers, but he has not yet indicated his future course, and there has been nothing done toward choosing his successor at the club.

Mr. Sommers came to Fort Wayne five years ago from Rock Island, Ill., and he has been not only one of the most efficient managers ever at the head of the Anthony Wayne club, but has been both active and popular in the affairs of the Elks, the Kekionga Golf club and other organizations of the city. Under his management the Anthony Wayne club has increased largely in membership, and it is said to be in much better shape than ever before.

FUNERAL DIRECTORS MEET.

Indianapolis, Oct. 6.—The twenty-seventh annual convention of the National Funeral Directors' association opened today at the Claypool hotel. PLANS EAGLES' RECEPTION.

Theodore A. Bell Arranges Wabash Fraternal Demonstration.

Wabash, Ind., Oct. 6.—Before leaving Wabash yesterday Theodore A. Bell, of California, past grand worthy president of the Eagles, arranged for the attendance of all the grand lodge officers at a big lodge event to be held here Dec. 10. On that date the grand lodge officers will be in session at Kansas City. They will come direct to Wabash, and one of the biggest events in northern Indiana will follow. A class of 200 will be initiated. The grand lodge officers will assist the Wabash aerie in securing the Eagles' theater debt, so that the building will remain to the lodge. For this reason they promised to come to Wabash. Mr. Bell is chairman of the board of trustees. Eagles of northern Indiana are invited.

EPIDEMIC AT EAST CHICAGO.

Minister Asks Health Board to Investigate Typhoid Fever Situation.

Indianapolis, Oct. 6.—Rev. John H. Palmer, of East Chicago, has made an appeal to Dr. J. N. Hurty, of the state board of health, for relief from an epidemic of typhoid fever which has been prevalent in that place for several months. Rev. Mr. Palmer addressed the letter to Dr. Hurty yesterday afternoon and requested him to take immediate steps toward relieving the situation at East Chicago, and prevent a further spread of the malady.

"The state board of health will make a sanitary survey of all cities bordering upon Lake Michigan in Indiana," said Dr. Hurty, "and the situation at East Chicago will be given attention." In his letter the Rev. Mr. Palmer refers to the neglect of caring for weeds that have grown up about the city of East Chicago, and lays the blame to the disregard of the authorities for the welfare of the city.

PAINLESS DEATH.

Dr. Woods Hutchinson writes an article of interest on "The Curiosities of Sleep" in the October American Magazine. He tells why feel tight in the morning, why one shoes feel tight in the morning, why one curls up for a nap, why one grows drowsy in a stuffy room, why great men recuperate quickly and why various other interesting things are true. On the subject of the painlessness of death he says:

"This opposition between death and sleep does not, however, destroy one consoling analogy, which has been drawn between them and that is that they are both painless, and cause neither fear nor anxiety by their approach. It is one of the most merciful things in nature that the overwhelming majority of the poisons which destroy life, whether they be those of infectious diseases or those which are elaborated from the body's own waste products, act as narcotics and abolish consciousness long before the end comes. While death is not in any sense analogous to sleep, it resembles it to the extent that it is in the vast majority of instances not only not painful but welcome. Pain-racked and fever-scorched patients long for death as the wearied toiler longs for sleep. The fear of death, which has been so enormously exploited in dramatic literature, sacred and otherwise, is almost without existence in sickness. Most of our patients have lost it completely by the time they become seriously ill.

"While many of the processes which lead to death are painful, death itself is painless, natural, like the fading of a flower or the falling of a leaf. Our dear ones drift out on the ebbing tide of life without fear, without pain, without regret, save for those they leave behind. When death comes close enough so that we can see the eyes behind the mask, his face becomes as welcome as that of his 'twin brother,' sleep."

COLUMBUS DAY ESTABLISHED.

Chicago, Oct. 6.—The city council last night passed an ordinance establishing a new holiday in Chicago, Oct. 12—"Columbus Day." The ordinance provides for the closing of all municipal offices on that day except fire, police and health departments, in honor of the discovery of America. The council's action was taken upon petition of the Knights of Columbus, and was unanimous.

Do You Think For Yourself?

Or, do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

* * * * * *

If you are an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is *one* tried and true honest medicine OF KNOWN COMPOSITION, sold by druggists for the cure of woman's ills.

* * * * *

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible indorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, *in plain English*, on every bottle-wrapper.

* * * * *

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

* * * * *

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

SPEAKING OF HATS

All the men and boys in Fort Wayne speak of the Patterson-Fletcher Co. store, "The Hat Store of Fort Wayne." The fact that we have sold over one hundred dozen new Fall Hats in the last five weeks between the prices of $2.00 and $5.00, speaks for itself of our quality and style. Our prices are never questioned. Our $2.00 Soft and Stiff Hats look like $3.00 values.

Our "Stetson exclusive" Stiff Hats are without a doubt the best $5.00 Hats in the city. You all know the quality and style of our Patterson Fletcher Co. "Special" Hats at $3.00, and our "Fletcher Peerless" Hats at $4.00.

We have all dimensions and try to give every man a Hat that is becoming at the price he wants to pay. With our French conformer we can make your hat fit perfectly if your head happens to be a little irregular in shape.

SOCIETY

Originality characterized a pretty party at which Miss Edith Coverdale was the honor guest last evening. Mrs. H. L. Jamieson was the house hostess and Miss Bertha Hockemeyer the assistant, and the members of the Delta Beta Kappa were the guests. Each one of the company had been asked to bring a single rose for Miss Coverdale together with a toast to be read at the supper. Across and over the supper table was a white satin ribbon with gifts for the bride-elect attached with gilt clothespins.

Rager—Stock.

An unusually sweet looking and graceful bride was Miss Catherine Stock, whose marriage to Mr. John M. Rager was solemnized at 9 o'clock this morning in the Church of the Precious Blood. Rev. C. Hummer sang the nuptial mass with the choir of St. Mary's church and Prof. Rager, organist, assisting in the service. The bride walked in with Mr. Henry Rager and attending her were Miss Anna Rager as maid of honor and Miss Margaret Stock, sister of the bride, as bridesmaid. Mr. A. Burchard was an attendant of the bridegroom and Messrs. Albert Luley and Charles Brink were the ushers. The bride's gown was a white satin messaline trimmed with yoke and buttons of handsome lace. A veil of tulle and a bouquet of bride roses were other pretty features of the bride's costume. Miss Margaret Stock wore a pink satin messaline gown, a wreath of white rosebuds in her hair and held a bouquet of pink and white roses. Miss Rager wore a blue silk, a wreath of white roses and held a bouquet of bridesmaid's roses. After the wedding service the bridal party went to the home of the bride's mother, Mrs. Elizabeth Stock, of 647 Fifth street, where the wedding breakfast was served. The house was prettily decorated with flowers and ferns and the bride's table was done in roses and smilax. Mr. and Mrs. Rager did not take a trip and will make their home with the bride's mother at 647 Fifth street.

BLOMBACH PAYS A FINE.

Lad Mixed Up in Shannon Party Fight is Convicted—Other Cases.

Arthur Blombach, involved in the fight at George Sannon's party on North Calhoun street, about ten days ago, was convicted in the city court today of the charge of assault and battery and fined $5 and costs.

Shannon was badly cut in the mix up, and it has not developed yet who wielded the knife.

Frank Graham was drunk and begging and got $1 and costs.

William Ryan got $1 and costs for drunkenness. He went to the police station last night and asked for lodging. Captain Kelly told him if he would save his money and not drink it up he would not have to apply for lodging. He became abusive and was locked up.

John Kehoe "sassed" the mayor last night whe he was refused a and he drew $5 and costs. He did not know he was talking to the mayor when he got "sassy."

Fat Women and Housework

Housework is harder on the stout woman than it is on her leaner sister for very obvious reasons. Bending over brings on that awful stuffed-up feeling and causes her face to get red and coarse looking. As a result many fat women, naturally good housekeepers, let their homes go rather than permit the work to make their lives a misery.

A good many try exercising and dieting to get rid of the fat, but I want to say here that if housework will not take off your extra flesh, exercising can not. Housework is the most strenuous kind of exercise.

I recommend every woman who reads this with interest, because it deals with a problem of her own, to give up exercising and dieting as being bad and injurious, and instead try the following simple mixture of household remedies. I guarantee that in a reasonable length of time they will have lost enough flesh in a natural, wholesome way to enable them to go through their housework with pleasure and comfort to themselves. This home recipe is as follows: ½ ounce Marmola, ½ ounce Fluid Cascara Aromatic, and 2½ ounces of Peppermint Water, and the directions for taking are one teaspoonful after meals and at bedtime.

Now don't make the mistake of thinking that because these three things are simple home remedies the combination of them can't be good for reducing the flesh, for as a matter of fact I dont believe there is a better combination for taking off fat quickly and safely than the one I have given you above. It does not disturb the stomach or cause wrinkles, and it renders dieting and exercising entirely unnecessary. In addition to these advantages, which I am sure you will admit are enough to recommend it to any woman, it is inexpensive and easily obtained at any drug store.

Peach Marmalade

When canning or pickling peaches, save the parings and the soft or unshapely pieces. If clingstones, there will be considerable pulp adhering to the pits. Child's Princess Jumper Dress.

By Mrs. Jane Ford.

SIZE 6 TO 12 YEARS

This little dress has a separate guimpe, which makes it especially desirable for school wear. The pattern is cut in four sizes, for girls from six to twelve years of age. To copy it for a girl eight years of age requires three yards of material thirty-six inches wide, or two and five-eighths yards forty-four inches wide. The guimpe should be of contrasting material and will require two and five-eighths yards twenty inches wide, or one and one-half yards thirty-six inches wide.

Blue or brown serge, cashmere or colored linen will make up effectively after this model. If the guimpe is of material the same color as the frock it would be pretty to have the princess panel of a contrasting goods. To follow out this idea, the dress could be of brown cashmere, the guimpe of silk of a matching color and the panel of a brown and white, or red and brown plaid, either in silk or cashmere. A narrow piping of white silk would make a suitable finish for the edge. This combination of material could be satisfactorily carried out in any color.

If the frock is to be of wash material, soutache braid can be used as a trimming. It might be arranged in two or three straight rows along each side of the panel and just above the hem of the skirt, or, if a narrow braid is used, it could be applied in serpentine effect so as to form a narrow border about one inch wide. On tub frocks large, flat pearl buttons should be used for ornamentation in place of those covered with material.

A frock made after this model and intended for dressy wear could be made very handsome by the addition of hand embroidery in self colors. A narrow border worked in French or satin stitch could edge the panel and form a band on the skirt, or a bold design that would well cover the panel could be selected and be worked in Wallachian stitch. The latter is very easily and quickly accomplished and is effective.

Smart Black Satin Wrap

WORN BY MISS SNOWDEN OF "FOLLIES OF 1908 CO." PHOTO BY JOEL FREDERICK

Black evening wraps will be worn again this fall because they are so practical and artistic, and harmonize with almost any color or style of costume. Fringe is one of the trimming s which will be much used in the ornamentation of this kind of garment, an d handsome embroideries and furs will also be applied to embellish such eve ning cloaks.

Materials for Elderly Women

Directoire Costumes in Wistaria, Deep Browns and Suitable Bluish Gray Tints are Appropriate.

It seems that at last Dame Fashion has been considerate of the needs of middle aged and elderly women, for, not only are the styles for them becoming, but the colors also are appropriate.

For, while there are no strong, vivid shades, all the rich, deep, decided colors that are so kind to women past their first youth are displayed for fall use.

Even the paler tones are those that will harmonize with faded eyes, dull skin and hair turned or turning gray.

There is a new shade called wistaria, a tone representing the deepest tint of this purple flower, that will be exceedingly becoming to gray haired women, especially those with a faint tint of pink in their cheeks. And if this shade is touched with a bit of black satin or glossy braid in the same color as the cloth the result will be exceedingly effective.

Dahlia a New Color.

Dahlia is another new color that will become elderly women. It is a duller, deeper tone than the accepted dahlia shade, and is closely connected with wistaria tint.

Of these shades, I think a woman who has been fair in her youth should wear the bluish, purple wistaria, while the brunette should select the reddish purple. Either, however, is pretty with gray hair, but the former should not be worn if the skin is inclined to sallowness, for a more decided color will make a more attractive gown.

Equally charitable are the new shades of blue and greenish blues, and far less conspicuous than the Copenhagen blues that had such a run, so that those women who denied themselves the fashionable color last season need not do so now.

The gray, greenish blue of the duck's egg is so neutral that almost every type of woman may attempt it, no matter what the age, and the deeper tones of peacock and duck's wing will be admirable for those no longer young.

I am not speaking exactly of entire street suits of this color, but a hat may show it in varied tones, no other color being introduced. Worn with a suit of black broadcloth, or a house gown of cashmere of henrietta, this color would be charming.

When the skin is inclined to sallowness then the greenish tints should be avoided, as green has a tendency to increase this condition. A little color, too, in cheeks and lips is necessary if green is to be effective.

The paler dahlia shades, something between an old rose and a terra cotta, will be especially becoming to the slender elderly woman, and in this color very handsome suits are being made up for street and reception wear of cheviot and broadcloth. These costumes, severely tailored, are ornamented only with stitching when of cheviot and trimmed with satin, braid and buttons when broadcloth is the material.

Sheath Skirts of Satin.

Sheath skirts in dahlia satin, fashioned on long lines—reaching above the waist line, with a train in the back—are exceedingly handsome, and the short blouse of lace worn with them echoes the color of the skirt in its embroideries or similar decoration.

The darker browns are well represented in the street suits, the trimmings on the whole being of black satin, with buttons to match.

Dark eyed women can wear most of the brown shades, but she who has been fair in her youth will, with profit, select the deeper, richer shades of brown, rather than those inclined to golden.

Fawns, light browns and pale tans she should religiously avoid, while the brunette with color may choose any of these tones and find them becoming.

Few light browns will be used, except as trimming or for an evening wrap, the colors, as I stated before, being dark and rich.

While the styles are on the soft, clinging order, the fabrics are as a rule quite glossy as to surface—not stiff or standoutish, be it understood, but bright, yet not so much so as to make the new materials unbecoming for the stout woman's wear.

Of course, I would not advocate an entire gown of satin for elderly women, but I am sure they will find the lovely lights and shades of the new broadcloths and worsteds really more becoming than the dull, unrelieved materials of more sombre weaves.

SOX WHALE TIGERS AND GET IN SIGHT OF THE FLAG

Summers Lambasted Hard and Mullin Sent to the Rescue.

Chicago, Ill., Oct. 6.—By a ferocious assault upon Detroit the Sox tanned the champs, 6 to 1, and pulled themselves to within half a game of the Tigers. The season ends in the west today, and if the Sox can make it three straight—which their followers think is a pushover—they will be the possessors of a brand. spanking new flag.

"Big Ed" Walsh paralyzed the Tigers. He never gave them a look in. He struck out the first two men that faced him with just six pitched balls, and kept them on his hip all the afternoon, finishing with a strike-out record of nine victims, including Tyrus Cobb, whose whiffings caused general delight to the 15,000 people assembled.

There was desperation in every move of the Sox and they seemed to knock down hits and slough the ball with a better understanding of what the situation meant than did the Tigers, who appeared to want to climb over the fence when the Sox had belted the ball until their lead became conclusive.

What a clouting the Sox did give that man Summers! They raked him over the coals in brutal style and after nine solid smashes had been made off him in five rounds Jennings sent Mullin to the slab to finish up the pitching job.

Although the White Sox have been making a phenomenally plucky fight against staggering odds for months, not once have they showed such grit in their attack as they did yesterday. They were keyed away up in G (for gumption). In fact, they had just a bit too much pepper, for over-anxiety spoiled several more runs in the second inning when they first began to get Summers' goat.

Manager Jennings tried most desperately to meet the ginger of the White Sox with some of the same stuff. He pulled up all the grass on the coaxing lines, bent the air with hands and feet, and begged and exhorted his champeens to rally, but his appeals were wasted, for the Tigers couldn't even get started on Walsh. The big fellow was pitching his sixty-fifth game of the season, and he didn't give the Tigers one ray of hope. Walsh practically had them by the throat every minute of the time, his intense speed and slashing shoots breaking and twisting around the war cudgels of the Tigers in most bewildering style.

Four singles were made off "Big Ed," two of them being bunched in the sixth round and saving the Tigers from a shut-out. It is interesting to note that Downs and McIntyre, the men who contributed the singles in the sixth, had struck out every time before that.

More slashing, clean-cut hitting than the Sox did to get their runs never was seen on a ball field. They landed straight jabs and uppercuts, right swings and left hooks until the Detroit outfielders were begging Summers to give an occasional base on balls so they could get their wind.

The White Sox threatened in the very first round, Hahn getting to third on his single. Jones' sacrifice and Isbell's out, but Dougherty couldn't score him, and the real celebration was postponed until the second.

How Runs Were Made.

Second Inning—Chicago—Davis singled to left. Parent doubled over McIntyre's head for two bases, Davis taking third. Sullivan singled to left, Davis scoring. Parent tried to score too, but McIntyre nipped him at the plate with a splendid throw. Sullivan made second on the play. Tannehill singled to right and was out at second when he tried to sneak an extra base on Cobb's throw to the plate which prevented Sullivan from scoring. Walsh out, Schmidt to Rossman. One run, four hits.

Fourth Inning—Chicago—Davis was hit in the back with a pitched ball. Parent singled to left, Davis taking second. Sullivan tripled to deep center, scoring Davis and Parent. It was an awful swat, but Crawford should have blocked it. Tannehill popped out to Schmidt, but Walsh drove a long fly to left, scoring Sullivan. Hahn flied to Crawford. Three runs, two hits.

Fifth Inning—Chicago—Schaefer was too close and Jones chopped a hit over his head. Isbell sacrificed, Schmidt to Rossman. Dougherty fouled to Schmidt, but Davis whaled a wicked drive through left center, scoring Jones.

Sixth Inning—Detroit—Downs singled to left. Jennings sent Mullin to bat for Summers, but Walsh fanned him. McIntyre put Downs on third with a hit to right. Bush forced McIntyre at second, Parent to Davis, and Downs scored.

Seventh Inning—Chicago—Hahn singled to left. Jones and Isbell were called out on strikes. Hahn stealing as "Izzy" whiffed. Dougherty singled over second, Hahn scoring. Downs threw Davis out. One run, two hits.

PIRATES SCATTER FOR HOME.

Some Members of Team, However, May Go on "Barnstorming" Tour.

Pittsburg, Oct. 6.—The Pittsburg baseball team has disbanded, the players for the most part going to their homes. Some of them, however, remained over in Pittsburg, and it is possible they may go on a "barnstorming" tour.

Perhaps the most worried man on the team is "Honus" Wagner. He said: "I made 202 hits during the season, but I would have given every one of them for Sunday's game."

Gibson, Pittsburg's star pitcher, was in the best of humor. He said: "Never mind, boys; we are beaten but not disgraced. Third place is as good as first in such a race. And there's another season coming."

The congratulations the players received were not only local, but several telegrams were received today from other cities where the Pirates are prime favorites.

SCHULZ BUT LIGHTLY PENALIZED.

Ann Arbor, Mich., Oct. 6.—Students out here are not worrying over the report that Adolph G. Schulz, All-American center, will be ineligible to compete in contests arranged this year on the Michigan football schedule. When the report was investigated it was found that the huge Teuton was laden with but one "con" instead of the three reported. He is not needed in the first three games on the schedule and is being held until the coaches are sure that he has had enough preparation to pass the examination in his "conned" subject. Then he will be given an examination. The big German worked in the pivot position all during practice.

CLEVEVAND DROPS GAME AND PASSES OUT OF THE RACE

Lajoie's Wild Throw is a Factor in Game—The Athletics Win.

St. Louis, Mo., Oct. 6.—Cleveland was eliminated from the American league pennant race by losing the first game of a double-header with St. Louis. The score was 3 to 1. An error by Lajoie, followed by another misplay by Bradley in the sixth, paved the way for the two runs that eventually won the game. Before these errors were made the score was tied, 1 to 1.

In the sixth Hoffman, the first man up, batted to Lajoie and the second baseman threw to the grand stand, Hoffman going to second. Criss doubled to left, but Hinchman was slow in fielding. A perfect relay, Hinchman to Perring to Bradley had Criss at third, but Bradley failed to put the ball on the runner. Williams followed with a single to left, which scored Criss.

In the first inning St. Louis scored once on Hartzell's single, a stolen base and a single by Hoffman. Cleveland tied in the fifth on Stovall's double, Criss' error, which let him go to third, and Liebhardt's single over second.

Dineen, the St. Louis pitcher, was in excellent form and allowed but four hits. With Foster pitching Cleveland took the second game, 5 to 3. Cleveland bunched hits off Howell at will. Score of first game:

	R.	H.	E.
St. Louis .....1 0 0 0 0 2 0 0 *—	3	9	3
Cleveland .....0 0 0 0 1 0 0 0 0—	1	4	2

LEON AMES HOLDS DOWN BOSTON WITH TWO BINGLES

New York Wins in First Game of the Final Series of Season.

New York, Oct. 6.—Cheered on by a capacity crowd the Giants set out to win a tie with the Chicago Cubs in the National League race, and by walloping the Boston Doves 6 to 1, materially cut down the lead attained by the world's champions in their last battle. Leon Ames paved the way for the polo grounds idols, holding the visitors to one hit in seven rounds before making way for McGinnity in the eighth. In this inning Hannifan batted for Tuckey and smashed out a home run for the Doves' solitary score.

After the Giants had rolled up an overwhelming lead Donlin and Bresnahan retired to rest up a bit for the final games with Boston. Bresnahan, though still in a weak condition, played a rattling game, getting a two-bagger and a single in addition to giving Ames gilt-edged support.

Manhattan is baseball mad over the outcome of the first game with the beans. Much apprehension was felt over the result when Tuckey pulled through the first two rounds without allowing a safety. When Bresnahan opened the third with a scorching bingle and took second on Bridwell's infield drive the crowd rose in a mass and clamored for a score. Ames advanced the runners with a sacrifice, and Bresnahan scored on Stem's poor throw to the plate after juggling Tenney's drive. Herzog's single counted Bridwell.

The Giants' half of the seventh was a farce, in which everybody hit safely or reached first on errors. Donlin was unable to solve Tuckey's delivery. The score:

	R.	H.	E.
Boston .....0 0 0 0 0 0 0 1 0—1	2	1	
New York .....0 0 2 0 0 0 0 6 *—8	7	3	

Batteries—Tuckey, McCarthy and Bowerman; Ames, McGinnity and Bresnahan and Needham.

Two-base hit—Bresnahan. Home run—Hannifan. Hits—Off Ames, 1 in 7 innings; off McGinnity, 1 in 2 innings; off Tuckey, 7 in 7 innings. Sacrifice hit—Ames. Stolen bases—Browne (2), Sweeney, Tenney, Herzog. Bases on balls—Off Ames, 1; off Tuckey, 2. Hit by pitched ball—By McGinnity, 1; by Tuckey, 1. Struck out—By Ames, 9; by Tuckey, 6. Wild pitches—Ames, Tuckey. Time of game—1:40. Umpires—Klem and Johnstone.

BROOKLYN, 6-2; PHILADELPHIA, 1-4.

Philadelphia, Pa., Oct. 6.—Brooklyn broke even with Philadelphia in a double-header. The score:

	R.	H.	E.
Brooklyn .....0 0 0 0 4 0 0 0 2—6	13	5	
Philadelphia ...0 0 1 0 0 0 0 0 0—1	4	1	

Batteries—Wilhelm and Dunn; Sparks, Foxen and Jacklitsch.

Two-base hits—Dunn, Jordan, Knabe. Home run—Jordan. Hits—Off Sparks, 6 in 5 innings; off Foxen, 7 in 4 innings. Sacrifice hits—Burch, Catterson. Double play—Doolin to Knabe. Bases on balls—Off Wilhelm, 1; off Sparks, 2; off Foxen, 2. Struck out—By Wilhelm, 2; by Foxen, 2. Wild pitch—Foxen. Time of game—1:50. Umpire—Lanigan.

Score second game:

WE ARE PROUD OF OUR FALL SHOWING OF CARPETS AND RUGS

We are proud of the beautiful patterns, proud of qualities, proud of the makers' names that stand behind this Fall exhibition of carpets and Rugs. We believe that never has there been such a collection of floor covering ideas—we have far surpassed any of our previous efforts. There are Rugs and Carpets here to match almost any style of decoration or furnishing—and Rugs and Carpets to fit almost any purse.

Putting down floor coverings in hotels, offices and public buildings is only a small part of our business. The "big end" is the service which goes into the private homes of Fort Wayne and surroundings, putting down on the floors carpets and rugs that will wear, because only reliable floor coverings are allowed to go out from this store. We buy and sell only the best and perfect goods of each grade.

In the Carpets

CORDEMON ART CARPETS

Plain solid colors of rich red, dark green and blue; the ideal filling for rooms where large rugs are used, and as coverings for halls, dens, dining rooms and bedrooms.

NEW INGRAINS

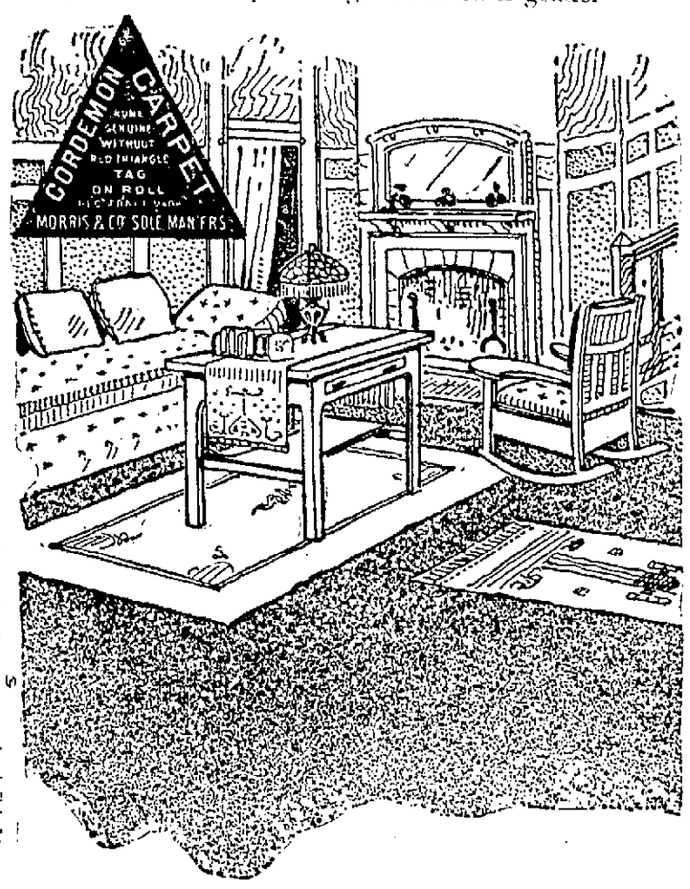
Standard and extra qualities in the new geometric patterns and dark Autumn colorings of tans, greens, browns and dark red.

TAPESTRY BRUSSELS

A comprehensive assortment of the famous Roxbury, Smith, Stinson and Smith makes. The patterns are beautiful, and especially suited for parlors, libraries and dining rooms.

AXMINSTERS

Beautiful and artistic are these Axminsters in the new self tones. The colorings and designs match any scheme of interior decoration, and are adapted for any room in the house.



Domestic Rugs

In this collection of Room-size Rugs you will find an array of patterns that stand for the best things the makers of the best rugs have done. The sizes vary; the colorings and designs are new this Fall, and most of the patterns are exclusive with us. Considering qualities, the values are unmatchable.

EMPIRE TAPESTRY RUGS

A low-priced rug in the designs and colors of higher grade weaves; all sizes and remarkable values.

AXMINSTER RUGS

Our showing includes Smith and other leading makes of Axminster Rugs. All sizes are shown, in handsome oriental and floral effects.

BODY BRUSSELS RUGS

Bigelow and Lowell makes of these splendid wearing room Rugs in particularly handsome effects.

BIGELOW AXMINSTERS

We are showing exclusive patterns and unique designs not duplicated elsewhere in our Bigelow Axminsters. The excellent wearing qualities of these beautiful carpets make them most desirable floor coverings.

VELVETS

The celebrated colonial Wilton Velvets in designs and colorings conspicuous for superiority of style and lustre. We show several extreme novelties in this line new this season.

BODY BRUSSELS

For wearing qualities for every room in the house we commend these Body Brussels Carpets. Rich oriental and geometric patterns are woven in exceptionally rich colorings; the combination of durability and beauty is found in these carpets.

WILTON RUGS

The Bigelow high-pile Wiltons represent the best values attainable in rugs of this character. The patterns are exact copies of oriental rugs, and the colors rich, warm and harmonious.

STINSON VELVET RUGS

In sizes varying from 6x9 to 11:3x15. Refined elegance is expressed in the beautiful designs and subdued colorings of these rugs, and eminently suited for the "best rooms" of the house.

THE FAMOUS "AMAXIN" RUGS

The best grade of standard worsted is used in the weaving of these seamless rugs. The colors are solid, the whole effect depending upon richness of dye, and thick high-pile that characterize the Amaxin Rugs.

AGREEMENT PLAYERS TO BE OPPOSED BY PRESIDENT

Dr. Carson Thinks They Run Salary Lists Too High in Central.

[Special to The Sentinel.]

Evansville, Ind., Oct. 6.—For the reason that players taken from the major and Class B leagues are generally paid higher salaries than the Central can afford, Dr. Frank R. Carson, president of the organization announced today that at the meeting in January at South Bend he will oppose the practice of farming men who are not quite ripe for faster company.

His reason for this is that these players generally command the same salaries that the bigger organizations pay them and the pay roll of the clubs to which they belong runs higher than is in keeping with any profit to the owners. Nearly all of the clubs with the exception of Fort Wayne and Evansville carried men last season that belonged to the majors.

Grand Rapids had Warren Gill of Pittsburg and Buck Stenzer of Detroit, Wheeling had Brown Rogers of Cincinnati and Harry Huston of Pittsburg, Zanesville had Howard Guyn of Detroit and Kenworthy and Fischer of Toledo, Terre Haute had Barney Schrieber of Indianapolis, and there were a number of others.

It is believed that at the January meeting the question of turning down all offers of farmed players will be put to the directors and that it will carry.

The annual meeting will be held in South Bend in January and the schedule meeting at a later date in Terre Haute. There is no change in the standing as given out at the close of the season. Local magnates entertained the visitors with a banquet at the St. George hotel. Plates were laid for thirty guests. Among those attending today were: A. A. Grant, South Bend; Bert Annis, Grand Rapids; John S. Spatz and James A. Wolf, Dayton; W. E. Deacon and A. R. Rogge, Zanesville; L. Smith, Terre Haute; Claude Varnell, Fort Wayne, and W. W. Irwin, Wheeling.

President F. R. Carson announced the list of players reserved by Central league clubs for 1909. The complete list is as follows:

South Bend—George Tieman, R. B. Kelley, Frank Kurke, Ben Hayworth, Ben Koehler, Dan Sheehan, Dave Martin, Eugene Moore, Harry Lindsay, Ed Smith, Homer Tobias, Charles Kroy, Edward Coffey, Leon Foy, A. A. Grant, Fred Alberts, Midge Craven, Henderson, Roy Newcomb, John Core, Hought.

Dayton, O.—Bade Myers, W. H. Richardson, Earl Yingling, Boyd Chambers, J. G. Barnett, Scott Walker, Roy Hale, Frank Morehauser, W. J. Kelly, Roy Golden, W. G. Hartmann, Tracy Johns, Frank Wessel, J. C. Elginn jr.

Evansville, Ind.—Charles E. Knoll, Emil Grefe, W. W. Covington, E. B. Ferrias, W. Pearson, Andy Reiss, H. Malloy, Ned Crowder, James Sager, Frank Noreum.

Terre Haute—Lew Drill, Don Cameron, George Wheeler, Charles Staley, H. F. Stout, A. M. DeHaven, Alva Williams, George Schafer, C. A. Miner, H. Eldred, Claude Douthett, Cecil Coombes, James Donhan, Orth Collins.

William H. H. Sudduth, a veteran soldier at Decatur, died Sunday afternoon after an extended illness from paralysis.

Louis Oser, a Wabash boy, may die from injuries received in trying to board a freight train to go to the North Manchester fair.

The seven-year-old son of Mr. and Mrs. Harry Briggs, near Collins, Whitley county, fell from a load of shingles and fractured both his arms.

D. C. Scott, a druggist at South Whitley, paid a fine and costs aggregating $18.80 for selling liquor illegally on Sunday, Sept. 27.

Miss Mildred E. Fritzinger, the mysterious young woman who recently attempted suicide at Kendallville, has been adjudged insane at Elkhart.

Ephraim Mosure, one of the oldest citizens of Wells county, died Sunday at his home in Vera Cruz. He was formerly engaged in business at Bluffton.

L. D. Hart, well known farmer south of Warsaw, died Saturday at Longcliffe asylum, near Logansport, where he had been a patient for several weeks.

The Wallace circus equipment has been returned to winter quarters at Peru, while the performing apparatus and menageries is at Chicago to play an engagement.

Fred Goshert, of Warsaw, lost a $20 bill while running to a fire at noon Saturday. Sunday morning he went over the same route hunting for the bill and found it.

The home of Mr. and Mrs. John Prall, at Marion, was burned early Monday morning and members of the family were barely able to escape, thinly clad, from the flames.

Realizing that his mind was becoming deranged from overwork and loss of sleep, Leonard F. Repp, of Huntington, has been taken at his own request to a sanitarium for treatment.

Noble Runyan, of South Bend, employed as an electric lineman at Berrien Springs, Mich., fell 65 feet Sunday, owing to the breaking of a safety strap. He died Monday from his injuries.

Roy Massena, who was deputy county treasurer under James J. Babcock, is now on trial at Warsaw on the charge of having embezzled $1,500 of county funds. Massena was arrested some weeks ago at Indianapolis.

Mrs. Mary West, a pioneer Whitley county woman, died Monday at her home near Lorane at the age of 84 years. Her husband committed suicide in February last by shooting himself, declaring that he had lived long enough.

Oscar Weber, a farmer near Huntington, tried to extract some teeth from a hog's mouth in order that the animal might better masticate its food, the animal's jaw snapped shut on his hand and Weber will probably lose a finger as a result.

In an endurance contest at Bluffton, Albert Numbers, of Ossian, played a piano nine hours and twelve minutes without stopping last Saturday. When he ceased two of his fingers had burst from repeated contact with the keys, and his arms and wrists were badly swollen.

Frank Zimmerman, well known Auburn manufacturer, was painfully injured Saturday while cranking an automobile. The engine "kicked back," hurling the crank into Mr. Zimmerman's face and striking him just above the eyes. The force of the blow knocked him down and cut an extensive gash.

Six newsboys employed to deliver papers from a Goshen news stand, went on strike Monday to enforce a demand for five per cent. increase in wages. Readers of the papers were then forced to do without them or make a trip to the news stand to get them.

The city council at Decatur is now proposing to take out all water meters in service there and place patrons of the waterworks on a flat rate. They assert that the meters corrode and do not register accurately, thus cutting the receipts of the waterworks down too small.

Donald Adams, a Bluffton lad of 16, jumped into fame a few days ago by permitting himself to be carried on the back of a high-wire walker across a wire stretched from roof to roof of the two tallest buildings in the city. His mother, unaware that he was to make the perilous journey, was in the crowd watching the stunt of the performer, and was overcome by fright when she saw her son upon the wire sixty feet above earth.

Nervous Break-Down

Nerve energy is the force that controls the organs of respiration, circulation, digestion and elimination. When you feel weak, nervous, irritable, sick, it is often because you lack nerve energy, and the process of rebuilding and sustaining life is interfered with. Dr. Miles' Nervine has cured thousands of such cases, and will we believe benefit if not entirely cure you. Try it.

"My nervous system gave away completely, and left me on the verge of the grave. I tried skilled physicians but got no permanent relief. I got so bad I had to give up my business. I began taking Dr. Miles' Restorative Nervine. In a few days I was much better, and I continued to improve until entirely cured. I am in business again, and never miss an opportunity to recommend this remedy." MRS. W. L. BURKE, Myrtle Creek, Oregon.

Your druggist sells Dr. Miles' Nervine, and we authorize him to return price of first bottle (only) if it fails to benefit you.

POE NEWS.

[Sentinel Correspondence.]

Poe, Ind., Oct. 6.—Mr. and Mrs. Ferdinand Bultemeier were Decatur callers Saturday.

Master Paul Newberry, of Farwell, Mich., is visiting this week in the home of his mother, Mrs. Ida Chronister, at Bobo, Ind.

Mrs. Mary Ayres, of Farwell, Mich., arrived last week for an extended visit with relatives at Fort Wayne, Ossian, Poe and Decatur.

C. E. Morton is able to be out again after a two weeks' siege of typhoid fever.

A number of Marion township Sunday school workers were in attendance at the Madison township Sunday school convention at Hoagland Sunday.

Rev. C. A. Frakes preached at the Christian church last Saturday evening.

AFTER TWENTY-FIVE YEARS

Rev. D. W. Moffat Again Preaches to Bluffton Audience.

(Bluffton News.)

Rev. D. W. Moffat, of Fort Wayne, who conducted the services at the Presbyterian church Sunday in the absence of the pastor, Rev. A. H. Brand, has been before the Bluffton audience often in the past and recalled to his audience that he preached the sermon here twenty-five years ago at the laying of the corner stone of the new church in 1883. For almost the time of his ministerial service Rev. Moffat has served the First Presbyterian church of Fort Wayne, but retired a few years ago and during the past two years has been a sojourner in Europe, but he still retains the relationship of "pastor emeritus" to his old congregation. Most of his time abroad Rev. Moffat spent in England and Scotland and returned during the past summer to Fort Wayne. In spite of his advanced age Rev. Moffat has lost none of the eloquence which characterized his earlier work and the two discourses Sunday were greatly appreciated by his hearers.

PLOWING CONTEST ON 29TH.

The annual plowing contest under the auspices of the Allen County Plowing association will be held on Thursday, the 29th of this month. Anyone having a good field on which to hold the contest will confer a great favor upon the association by notifying either James Gillie, John Dickson or John L. Gillie, who compose the field committee.

A meeting of the association was held recently when the following officers were chosen: President, John Dickson; vice president, John L. Gillie; secretary and treasurer, David McKay.

Herbert Klebe, the young son of Henry Klebe, of 1117 Garden street is suffering from several painful but not severe injuries as the result of being run down by an automobile driven by John T. Knott at the corner of West Washington and Fulton streets last night. The lad was riding behind a closed auto and in turning out to pass it, did not see another machine bearing down upon him. The bicycle that he was riding was completely demolished.

MERCHANTS WANT MORE STREET LIGHTS IN CITY

They Also Object to Manner in Which Gas Company is Doing Work.

Messrs. Thomas McKiernan, W. R. Seavey, D. N. Foster, Henry Pfeiffer and Harry Achenbach were named by the Retail Merchants' association Monday evening as a committee to visit the board of public works with a request for additional street lights about the city and to protest against the condition in which the gas company is leaving the streets and alleys after making its new gas connections.

The meeting was the first at which the new president, Marx Dukes, presided, and in connection with the effort to remedy conditions, W. R. Seavey, chairman of the membership committee, spoke in commendation of the manner in which Mayor Hosey and the city administration had sought to aid the merchants and the business community generally, particularly with reference to cleanly streets.

President McKiernan, of the Indiana Retail Merchants' Fire Insurance company, submitted a report showing that during the past week the company had rebated to members 20 per cent. of premium paid and had set aside 21 per cent. as a sinking fund. Col. D. N. Foster, as chairman of the special committee, expressed the belief that the request of the merchants for the opening of the court house corridors on evenings and Sundays will be granted. W. R. Seavey announced that the Daily News had abandoned a premium scheme at the request of the merchants.

New members admitted at the meeting included the Fort Wayne Abendpost, the Shoaff Furnishing company and the Lehman Book and News company.

SEAVEY'S

Stove Sale a Record-Breaker—Fine Display of Stewart Heaters at the Seavey Store.

The time of year is here when the stove man is opening his campaign, and judging by the early demand for both heating stoves and ranges it looks as if this class of trade will be considerably greater than it was last year. An exhibit of stoves at the store of the Seavey Hardware company shows plainly that this branch of their business is increasing beyond all expectations. This firm was fortunate enough some years ago to secure the agency for the famous Stewart base burner, which has so many good points to its credit that it stands in the very front of stove progress. The Stewart Base Burner has a wonderful advantage in having a greater radiating surface than any other stove, therefore it gives out more heat with a less amount of fuel. It not only generates the heat in the most perfect manner but it utilizes this heat to the best advantage. So interested are people concerning the Stewart Base Burner that hundreds of people visit the Seavey store daily to get in close touch with the many excellent features that the store has in its make-up. The one thing that interests the people as cold weather approaches is that of saving fuel and that is one point where the Stewart stove must command the attention of every seeker of a stove. It is certainly interesting to study the various improvements that have been made in stove construction and anybody who is contemplating the purchase of a heater will miss it greatly by not visiting the store of the Seavey Hardware company and looking up the merits of the Stewart Base Burners while their great stove exhibit is going on.

Because there was not a full attendance at the meeting of the Liverymen's association last evening, several questions of importance were not decided upon, one of them being the proposition to discard rubber tires on all light rigs. This question will be brought up at the next meeting.

PRINTERS' EXHIBIT ATTRACTS MUCH ATTENTION

Showing of Western Home is Praised at Tuberculosis Congress.

Washington, D. C., Oct. 6.—At the International Tuberculosis congress the exhibit of the International Typographical union from the printers' home at Colorado Springs, Colorado, has attracted much attention and received great praise from visiting delegates and the medical fraternity in general.

Dr. Livingston Farrand, of New York, today asked Superintendent Charles Deacon to present the model tent of the printers' exhibit to the National Association for the Prevention of Tuberculosis so that it may be added to the traveling exhibit shown by the national association in the various cities of the country in connection with illustrated lectures designed to educate the people to the necessity of engaging in a crusade against tuberculosis. He explained that the tent was one of the best constructed he had ever seen. The International Typographical union has been engaged in the work of caring for its invalid, sick and aged members for many years. For the past five years especially attention has been given to the treatment of patients afflicted with tuberculosis. The tent treatment has proved the most valuable. Plenty of fresh air, sunshine, fresh eggs and milk has been the method, and during the past year over fifty per cent of those going to the sanitarium in the first stage of tuberculosis have been cured and discharged, able to do their duties in the business world.

At the labor day meeting today, President Frank A. Kidd, of Columbia Typographical union number 101, delivered an address along lines calculated to awaken the laboring people to the necessity of co-operation with their employers in securing of sanitary conditions in the performance of their labor and urged upon them the observance of hygienic methods of living.

SAVES CHILD AFTER ORDEAL.

Woman Holds Babe Above Water in Deep Cistern for Ten Hours.

Holland, Mich., Oct. 6.—For ten hours Mrs. William Weiss, of Vriesland, stood up to her neck in water in a cistern to save a 2-year-old boy.

Mrs. Weiss saw the baby, a child of a neighbor, fall into her cistern. She instantly plunged after him and, finding him at the bottom, held him above the water. She called for help, but the cistern is ten feet deep and no one heard her.

Late in the afternoon she was missed and neighbors began a search. It was long after dark before one of the party chanced to think of the cistern. Looking down into it by means of a lantern he saw the plucky woman, still holding the little boy above water. Her voice was worn to a whisper, and she was rescued in fainting condition. She is seriously ill from the exposure, but it is thought that she will recover.

CELL ALONE FOR AUTO RACER.

New York Justice Rules Out the Alternative of a Fine.

New York, Oct. 6.—Thirty days in the city prison with no alternative of a fine was the sentence imposed by Justice Olmstead in the court of special sessions on Charles Staples, who had been convicted of overspeeding an automobile.

Staples is chauffeur for President Bush, of the Bush Terminal company. He had been convicted on two previous occasions. He paid a fine of $20 last June and about a month ago was sent to the workhouse for five days for the same offense.

The patrolman who arrested Staples for the offense for which he was sentenced yesterday, informed the court that Staples deliberately tried to run him down when he tried to arrest him for speeding his car at thirty miles an hour on Broadway.

COUNCIL MEETS OUTDOORS.

West Point, Ga., Oct. 5.—Mayor George W. Howard, of Lanett, Ala., locked up the council chamber yesterday and refused to deliver the city property to the newly elected mayor, J. B. Rutland. Rutland took the oath of office at 5:30 o'clock yesterday morning. In the street in front of the city hall four hours later he and his council were sworn in by Judge Jordan. The first council meeting was held in the back yard of the city hall. Legal steps have been taken to secure possession of the city property by the new council.

DR. H. G. NIERMAN GAVE NEW DISCOVERY TO CONGRESS

Fort Wayne Physician Attracted Attention at Washington.

Dr. H. G. Nierman, of this city, who is an Indiana delegate to the International Tuberculosis congress, at Washington, enlisted the profound interest of that great assemblage of medical scientists last week by advancing a new and tested plan to combat danger of appendicitis and to relieve the liver or kidneys from all work when attacked by tuberculosis. It is regarded as a great discovery by the medical men at the congress and was less discussed than it was only because on the day Dr. Nierman presented it to the congress that body was in a high state of controversial excitement over its discussion of Dr. Robert Koch's theory of the dual tubercle. The following account telegraphed to the New York American sets forth in some detail Dr. Nierman's disclosures to the congress:

"The important developments of the day, not only included the disproving of Koch's pet theory, but also the advancing of a plan whereby, when the liver or kidneys are attacked by tuberculosis, these organs would be relieved of all work.

"Dr. H. G. Nierman, of Fort Wayne, Ind., who advanced this idea, explained that it would mean diverting the current of the intestinal contents away from this region. He called it the "abandonment process," and explained that it would do away entirely with operations for appendicitis.

"He said it simply meant picking up the descending colon or large intestine in the abdomen and uniting it with the small intestine at a point where the two come most closely into contact. This, he said, would stop the passage of poisons into the appendicitis zone and exclude the typhoid region of the small intestines. Dr. Nierman declared this would destroy the depressing influence of bacilli in the colon region and render the body able to make a greater resistance against tuberculosis and allied troubles.

"In brief, Dr. Nierman proposed to simplify the processes following the digestion so that nature would more quickly eliminate poisons from the system and would, at the same time, relieve the kidneys, the liver, the appendicitis zone and the smaller intestine of most of its work.

"But, interesting as was this plan, and feasible, as Dr. Nierman declared he had proved it to be, the chief interest of the day revolved about the Koch theory that human and bovine tuberculosis differed. It was this view that the congress challenged."

K. OF P. GRAND LODGE BEGINS.

Indianapolis, Oct. 6.—The opening session of the grand lodge of Knights of Pythias today was attended by nearly one thousand members of the order. Reports of committees occupied the morning session. The annual election was scheduled for this afternoon. The annual assembly of the brigade of uniform rank was attended last evening, by over two hundred officers.

GREAT CROWD AT RACES.

Lexington, Ky., Oct. 6.—With the largest crowd ever seen at a trotting meeting here, the Kentucky Trotting Horse Breeders' association ten days' meeting began here this aftrnoon. The feature events on the program today are the $21,000 Kentucky futurity and the $3,000 Tennessee stake. Another special feature will be Dan Patch, who will attempt to lower his record of 1:55.

FOR PIMPLES, TOO.

New Discovery Cures Eczema and Eradicates Minor Skin Troubles Over Night.

About a month ago the dispensers of poslam, the new discovery for the cure of eczema decided to allow the druggists of the country to handle it. Previous to that time it could only be obtained direct from the laboratories.

Since this change in the methods of distribution, poslam has met with the most phenomenal success of anything introduced to the drug trade in the last 30 years. All leading druggists, including Meyer Bros. Co., in Fort Wayne, are now carrying the special 50-cent size recently adopted, also the $2 jar.

This great success is not surprising when it is remembered that, in eczema cases, poslam stops the itching with first application, proceeds to heal immediately and cures chronic cases in a few weeks. In minor skin troubles, such as pimples, blackheads, acne, herpes, blotches, rash, etc., results show after an overnight application. Experimental samples of poslam are sent to anyone by mail free of charge by the Emergency Laboratories, 32 West Twenty-fifth street, New York city.

FORMER DAIRYMAN HERE DIES OF BURNS AT ATHENS, OHIO

Robert White Succumbs to Effects of Injury—Other Deaths.

Robert White, formerly a dairyman, residing east of Fort Wayne, died Sunday afternoon at his home near Athens, Ohio, as the result of severe burns received a few days before. News of his death was received this morning by a nephew, Robert Dean, of this city.

Mr. White removed with his family to Athens, Ohio, about two years ago. For a number of years he resided on the Bass farm north of Fort Wayne, and later was in the dairy business east of this city. He is survived by his wife, two daughters, the Misses Mary and Bessie White, and one son, Harry White, who is located in Idaho.

SORG.

Edna Catherine Sorg, the little daughter of Mr. and Mrs. John M. Sorg, of Pleasant township, died at 5:40 o'clock this morning at the family home, seven miles south of the city, at the age of 5 years and 7 months.

Death was due to spinal trouble, from which the lovable little girl had suffered intensely for the past three weeks. Funeral services Thursday morning at 9:30 o'clock from St. Aloysius' Catholic church.

WEIPERT.

Michael Weipert, 76 years of age, died at 9 o'clock this morning at his home, 673 Huffman street, from Bright's disease after an illness of several weeks. He was a retired carpenter.

Mr. Weipert was born in Germany, but had been a resident of Fort Wayne since 1862, and is survived by the widow and five children—Reinhart Weipert, Mrs. Daniel Welker, Mrs. Adolph Grotholtman, Fred Weipert, of Sidney, O., and Mrs. Lorenzo Nickerson. There are twenty grandchildren and one great-grandchild. The deceased was a member of St. John's Reformed church.

BANK CASHIER ARRESTED.

West Virginia Man Charged With Taking $5,000.

Jersey City, N. J., Oct. 6.—Elbert L. Morgan, cashier of the First National bank of Friendly, W. Va., was arrested here last night by a United States marshal on a warrant issued by United States Commissioner Roe.

The warrant charges him with "unlawfully and willfully misapplying certain moneys of the First National bank, of Friendly, W. Va.; $5,000 deposited with the bank by the Baltimore and Ohio railroad to the credit of the state of West Virginia."

After his arrest last night Morgan was arraigned before Commissioner Roe and in default of $5,000 bail was taken to the county jail to await extradition. He denied emphatically that he had appropriated any money of the bank.

C. W. ORR ON PROGRAM.

Pittsburg to Be Meeting Place of New Officers of Life Underwriters.

Charles W. Orr, as executive committeeman of the National Association of Life Underwriters, is down on the program to deliver a short address before the "inaugural" meeting which is held annually in Pittsburg. The meeting this year is to be held next Saturday evening and Mr. Orr has accepted the invitation to speak.

This gathering is held in honor of the newly elected officers who were chosen recently at the national convention in Los Angeles. A business meeting is to be held at 6 o'clock in the evening, and at 6:30 o'clock an elaborate banquet is given, at which the officers and several others will speak.

DISCUSS RAILWAY PROBLEMS.

National Association of Railway Commissioners in Session.

Washington, Oct. 6.—Great interest was shown in the twentieth annual meeting of the National Association of Railway Commissioners, which assembled in the board room of the interstate commerce commission here today.

During the three-days' session many questions of importance to the transportation interests of the country will be discussed.

The meeting today was attended by members of the interstate commerce commission, railway commissioners from various states and territories, members of railway accounting organization and others interested in the problems of transportation. The subjects to be considered include construction and operating expenses of electric railways, taxes and valuation, grade crossings, power of railway commissioners, proposed amendments to the interstate commerce law, uniform classification, car shortage, rates and rate making, safety appliances, etc.

WOULD REFORM TAX SYSTEMS.

International Tax Association in Session in Toronto.

Toronto, Ont., Oct. 6.—The International Tax association met here today for the first time under its new name. Last year it was known as the National association.

The objects of the association as outlined in the constitution to be adopted at this meeting are:

To formulate and announce through the deliberately expressed opinion of an annual conference the best informed economic thought and ripest administrative experience available for the correct guidance of public opinion and legislative and administrative action on all questions pertaining to state and local taxation and to interstate and international comity in taxation.

Delegates from thirty-three states of the union and five Canadian provinces and presidents of several universities are present.

Allen Ripley Foote, commissioner of the Ohio state board of commerce of Columbus, president of the association, presided at the first meeting.

PRAIRIE FIRE AT HAMMOND.

NOMINEE FOR PRESIDENT DELIVERS ADDRESS HERE TONIGHT

Hon. E. W. Chafin, Prohibition Candidate, to be Heard—Political Chat.

The prohibitionists have the big local political card of the day in the appearance of Hon. Eugene W. Chafin, of Chicago, nominee of that party for the presidency, who will deliver an address at the court house assembly room this evening.

Mr. Chafin will arrive in Fort Wayne over the Pennsylvania lines at 7:40 o'clock. He will be accompanied by Prof. Thatcher, a famous campaign singer, and will be driven at once to the court house to begin his address. Rev. W. P. Shamhart has been chosen to preside at the meeting, and two quartets—one from Monroeville, and another from this city, will render a musical program. Mr. Chafin is the first of the presidential candidates to appear in Fort Wayne this year.

* * *

Two democratic meetings will be held in the country district this evening. Hon. Cyrus Cline and A. E. Thomas will speak at the Scarlet school house in Washington township, and E. G. Hoffman and Hon. J. M. Robinson will speak at Scipio Center.

* * *

Carl Yaple and William Fruechtenicht will address the democrats of the Second ward at the city hall on Thursday evening.

* * *

Governor Hanly has indicated to the Anti-Saloon league that he can come to Fort Wayne for an address on the evening of October 15, but as this is the date of the appearance of Hon. John Sharp Williams, it is probable that the governor will be heard in Fort Wayne on the afternoon of the 16th. He may speak at Decatur or at Monroeville on the evening of the 15th.

* * *

Kendallville, Waterloo, Butler and other towns along the Lake Shore air line heard platform speeches today by James Schoolcraft Sherman, republican nominee for the vice presidency.

* * *

C. S. Bash and Lee J. Hartzell will address a republican meeting in the Eighth ward this evening.

* * *

Hon. Howard Mountz, of Garrett, is to address the Tippecanoe club at republican headquarters tonight.

* * *

Attorney Harry G. Hogan will address the republican first voters' club at Kendallville this evening.

* * *

Republican railroad men, in a meeting at party headquarters last evening, organized a club with the following officers: President, Harry O. Dermody; first vice president, S. S. Kelker; second vice president, W. A. Bell; third vice president, G. W. Carmer; fourth vice president, A. Lopshire; fifth vice president, Harry Stonecipher; secretary, Elmer St. John; treasurer, Charles Jones. The vice presidents will constitute the finance committee, and Hugh T. Hogan, Theodore Titus and C. F. Fissel were named as a committee on speakers. The club will have a meeting Wednesday evening and Judge W. J. Vesey will speak.

* * *

Republican District Chairman Henry and Col. W. W. Huffman are at Albion today conferring with party leaders of the county. Similar meetings are being held in each county of the district. The program opened at Auburn Monday, and the meetings will be held at Lagrange tomorrow, at Columbia City Thursday, at Angola Friday and at Fort Wayne Saturday afternoon.

* * *

John Temple Graves, of Georgia, the independence party nominee for vice president, will deliver an address in the court house assembly room on Friday evening. Charles A. Phelps, the nominee for congress, will preside at the meeting.

Sixth ward republicans will hold a meeting Wednesday evening, with Attorney T. J. Logan as speaker.

* * *

The republicans have arranged a number of meetings in the country for this week. The dates, places and speakers are as follows:

Wednesday night—Center school house, Eel River township; speaker, Charles S. Bash.

Wednesday night—Leo school house, Cedar Creek township; speaker, Judge E. V. Harris.

Thursday night—Center school house, Scipio township; speaker, Thomas J. Logan.

Thursday night — Hogg school house, Aboite station; speakers, Will C. Geake, nominee for prosecutor, and Attorney Lee J. Hartzell.

Saturday night—Bellamy hall, Arcola, Lake township; speaker, Attorney Harry Hogan.

Saturday night—Woodburn school house, Maumee township; speaker, Attorney Amos E. Houk.

Saturday night—Maysville school house, Springfield township; speaker, Thomas J. Logan.

Saturday night—Republican headquarters, New Haven; speaker, Judge W. J. Vesey, nominee for joint senator.

IN THE THEATERS

Two of the great theatrical productions of the season are to be seen at the Majestic theater this month as in addition to the appearance of Miss Ethel Barrymore on Friday evening, Manager Rice announces that the remarkable play, "The Devil," will be produced in this city on October 28 by a Henry W. Savage company. The name of Savage guarantees the high excellence of the production. The piece is a comedy, written by a Hungarian named Franz Molnar and adapted by Oliver Herford. Edwin Stevens has created a furore in New York city, but no greater than the one Henry Dixey has done in the title role in Chicago, or W. L. Abingdon did in Philadelphia or Campbell Gollan did in Pittsburg. Mr. Savage has three companies on the road and it is not yet known which one will give the play in this city.

Our Own Stock Company.

Notwithstanding the high praise which Wright Huntington has won for himself and Our Own Stock company from the local press and papers in Lima, Muncie and Grand Rapids, in previous productions, the present play, "When We Were Twenty-One," in several ways deserves the highest praise. There is a degree of finish about the performance that is appreciable by those who have seen the previous plays given by the company. The play also affords Mr. Huntington an opportunity for finer work as the role of Richard Carew is one requiring the ability to show the light and shade of emotion with little to say that is particularly forceful. Mr. Huntington's naturalness of manner and voice is one of the strongest points of effectiveness in the play. His work in the jovial scenes with the three comrades and the tenderer passages, where his love for the Imp manifests itself, were equally good. Mr. Jones has the role of the Imp and while his versatility is no longer a surprise, it seemed remarkable that one who had so pleased in a farcical role could be so impressive in a character so strongly the opposite. Both Mr. Huntington and Mr. Jones were great in the fourth act. Miss Dunbar is most happily cast and Miss Gerard, Miss Mohrle, Miss Gillingwater and Miss Vance in minor roles were equally pleasing in conception of their roles and in the acting of them. Next to the parts carried by Mr. Huntington and Mr. Jones, Mr. Bernard as Sir Horace Waddles has the strongest and most attractive part to portray. He was wholly delightful and with the aid of John T. Nicholson as Col. Miles and Harry Plympton as the doctor, kept the audience in a tremendous good humor all the time. The piece is beautifully staged and that the company is thoroughly liked and pleasing in every particular is manifested by the large audiences which greet every appearance. The comedy took well with last night's audience and appreciation was manifested by laughter, or extreme quiet, as the situations of the play demanded. There will be daily matinees and evening performances today, Wednesday and Thursday.

At the Temple Theater.

A packed house greeted the Temple theater performance last night, and the consensus of opinion is that the show is one of "the best ever." A headliner is dainty and attractive Eva Mudge, whose singing of coon songs makes a tremendous hit. She also makes a charming "Military Maid."

Besides there are Rice's famous military dogs and monkeys whose tricks seem human in execution. They make a sight no child should miss seeing. The West Point cadets, Bissonette and Newman, in blue uniforms, have an act that can not be beaten for originality, Harry Sheldon and Florence Ingersoll have a pretty one-act farce. Ilda Schnee sings a catchy new song and Merritt and Love, eccentric singing and talking comedians, take exceedingly well with their act.

The Barrymore Play.

Ethel Barrymore's new play for this season is spoken of as a most delightful comedy. It is written by the new popular English favorite, W. Somerset Maugham, and is called "Lady Frederick." Charles Frohman selected this play for Miss Barrymore immediately after its London production, where it has been running since October, 1907, with apparently no abatement in its popularity. The story is said to be extremely interesting and well told and the part suits Miss Barrymore admirably. Charles Frohman is to present Ethel Barrymore in "Lady Frederick" at the Majestic Friday, October 16.

When in doubt, go to Dallas F. Green's for glasses.

HIS FAILURE.

"Do you know anything about flirting?"

"Not a thing. I thought I did; but when I tried it, darned if the girl didn't marry me!"

THE SHOP AND RAILROAD NEWS

HOMESEEKERS' TRAVEL.

The Closing of Farming Season Gives It a Boom.

Homeseekers' travel out of this territory today and tonight will be the heaviest of the past four or five months. The farmers have gotten their work for the season well along and are taking the rest and recreation a trip to the west or south offers them. All of the roads engaged in homeseekers' business are getting a good deal of it today, though at the hour this is written no definite estimate can be put upon the total number of ticket sales. J. J. Borne, of Van Wert, headed a big party which left at noon over the Pennsylvania. The bulk of the travel today seems to be towards the Rosebud reservations in South Dakota, which were opened to settlement yesterday.

ELECTROTECHNICS TONIGHT.

Lecture Season Opens With Lecture by T. T. King.

"Manufacturing of Electric Lights" will be the subject of the lecture at the opening meeting of the Electrotechnic club in the draughting room at the Electric works tonight. The speaker will be T. T. King, the recently elected secretary of the club, and one of the most enthusiastic workers in its ranks. Plans for the fall and winter course will be formulated at the meeting tonight and the result will be announced later. Thomas N. Case, who delighted a large audience at Plymouth Congregational church last winter, will deliver the lecture two weeks from tonight, his subject being "The Manufacture of Artificial Gas," and in his illustration of the subject he will manufacture some gas. This lecture will be open to all who care to hear it and a good crowd is expected.

148 MILES IN 134 MINUTES.

Pennsylvania Special Makes Good Run to Chicago.

The Pennsylvania Special, No. 29, the fast New York-Chicago train, was forty-two minutes late yesterday morning in getting out of Fort Wayne and it made up the time and went into Chicago "on the dot." The distance is 148 miles and the time consumed in making the run was 134 minutes. At times the train reeled off miles at the rate of 100 per hour, it is believed, though there was no speed indicator aboard and the exact velocity is not known. Engine 7174, with Engineer George Miller and Fireman Harry Tourgee in the cab, pulled the train.

SAMUEL WASS,
Master Mechanic of Rhinesmith & Simonson's Factory.

FIFTY-EIGHT TODAY.

Samuel Wass, master mechanic at the factory of Rhinesmith & Simonson, is passing the fifty-eighth year of his life today by working as usual, though he is frequently interrupted by friends who wish to offer congratulations. Mr. Wass has been with Rhinesmith & Simonson for over forty years and is well known to all who are in any way connected with the house-building trade in this city. He has the distinction also of being the first regularly employed newspaper carrier in Fort Wayne. In the early sixties, when The Sentinel commenced the publication of a daily, Mr. Wass was one of the two paper carriers employed by the editor. His route included the entire east half of the city, Calhoun street being the dividing line. Mr. Wass is a member of the Free Methodist church and one of the most active of the congregation in Sunday school and church work.

SUFFERING WITH POISONED HAND

Fireman H. F. Hoppe, of the Pennsylvania, has a badly afflicted right hand and will be unable to work for several days at least. The member was poisoned in some manner several days ago, just how is not known. It now threatens to be worse before it reaches the turning point and the young man is suffering greatly from it.

PENNSYLVANIA PAY CAR.

The Pennsylvania pay car will arrive in Fort Wayne earlier than usual this month, coming in on Saturday October 17, and remaining over Sunday. The distribution of cash among the shopmen will be the largest of the past nine months, because of the increased work in September in the shops.

BIGGER BOILER SHOP FORCE.

Foreman B. F. Sarver, of the Pennsylvania boiler shop, has taken on twenty-six additional men within the past two weeks, bringing the force very near the maximum point of a year ago. The following took employment there yesterday: J. Mark, J. Poiry, G. A. Keyoth, H. M. Underwood, A. Schramm and G. M. Rohyans.

HAND BADLY CUT.

H. Nagel, employed in the Wabash machine shop, received a very bad gash across the ball of the thumb and the palm of his left hand this morning while at work in the shop. Dr. C. F. Kaadt, the company's surgeon, dressed the wounded hand. The member will be saved, but it will be a week or more before Mr. Nagel will be able to work.

INDUSTRIAL NOTES.

Harry Wilson took a position at the Bass machine shop this morning.

William F. Gaskill, a fluemaker at the Pennsylvania shops, is off duty attending court as a witness.

George VanAndy, day hostler at the Nickel Plate round house, is off duty on account of sickness.

Nickel Plate Conductor J. J. Stephen has gone to Michigan to spend two weeks hunting and fishing.

The Bass company yesterday received an order for a small boiler from a mining concern in Mexico.

After an illness of three weeks, Ed Holsworth resumed his duties at the Bowser machine shop yesterday.

Engineer George Likely, who had been at the lakes a day or two, reported for work on the Nickel Plate yesterday.

Harry Bowser left Sunday night for Boston on business for the company, of which he is the second vice president.

Mrs. Stapleford, wife of the well known Nickel Plate car inspector, is preparing for a visit to Indianapolis in two weeks.

Miss Clara M. Gellert, a stenographer, has returned to her duties at the Bowser offices, after spending a vacation out of the city.

G. W. Freiburger, J. Riegel, R. W. Shaw, A. E. Pember and B. V. V., Pennsylvania shopmen, are off duty on account of sickness.

Harry Erb, a blacksmith's helper, resigned a position at the Wabash shops yesterday and will leave the city in a day or two.

Engineer Bert Baughman has returned to his duties on the Nickel Plate, after a week's absence on account of sickness.

Silas Keiser, C. F. Humbarger, Edward Luley, John Bechtol, C. W. Brown and F. Tomlinson took positions at the Bowser works yesterday.

Conductors G. B. McCormick and W. H. Clements, of the Nickel Plate, have been off duty a few days, looking after some private business.

Machinist Gus Breimeyer, who had been off duty looking after some private affairs, reported for work at the Bass shops this morning.

Nickel Plate Engineer Joseph Harber is laying off to assist in moving the family and the furniture in their new home, at the corner of Main and Jackson streets.

President H. C. Paul, of the Fort Wayne Electric works, left on the Pennsylvania limited last night for New York.

J. Lorenz, a locomotive oiler at the Pennsylvania round house, had a leg injured last night so badly that he will be unable to work for awhile.

Rosser McClure, a Bowser salesman in Kentucky, was in the city to confer with the management yesterday. Mr. McClure resided in Fort Wayne a number of years.

Nickel Plate Conductors Samuel Deahl and T. H. Gallivan reported for work yesterday. Mr. Deahl had been visiting in the country and Mr. Gallivan had been sick.

General Yardmaster J. S. VerValan, of the Nickel Plate, was called to Cleveland Sunday night on business and during his absence James Nicholas acted as yardmaster.

Machinist Fred Mailand announced the birth of a pretty baby daughter when he reported for duty at the Pennsylvania shops this morning and commenced handing out cigars to the boys.

William W. Wartenbe, who was at home several days on account of sickness of a member of his family, resumed his duties at the Pennsylvania blacksmith shop yesterday.

Arthur Brown, who reported for duty at the Bowser stock rooms last week, after being sick a week or two, has suffered a relapse and is again confined to his home.

Mr. and Mrs. J. D. Corlett have changed their place of residence and are now living at 2199 Hanna. Mr. Corlett is the general foreman at the Pennsylvania round house.

Mrs. John Hughes, wife of the Nickel Plate dispatcher, has returned from northern Michigan, where she spent six weeks with friends and relatives.

Machinist Harry Cook and his bride have returned from their wedding trip and he will probably resume his duties in the Pennsylvania shops next Thursday. Mr. and Mrs. Cook will reside on Brackenridge street.

The little child of H. F. Bobay, a fluemaker at the Pennsylvania shops, upset a basin of hot water yesterday and scalded one of its feet painfully. Mr. Bobay is off duty on account of the little one's misfortune.

Machinist George Strasser resumed his duties at the Pennsylvania shops this morning. With his wife he had been making a tour of the eastern cities and points of interest and was gone nearly two weeks.

C. C. Hill, of the Wisconsin Central, and E. H. Moot, of the Great Northern, traveling passenger agents, were looking after the interests of their respective companies in Fort Wayne yesterday.

W. H. Newmeyer, stereotyper, who formerly resided here, but is now living in New York, is in the city visiting relatives. He is a member of the craft's union and delivered an address at the meeting yesterday afternoon.

Mr. and Mrs. R. J. Leeper and G. L. Balyard and his mother and sister have returned from Iowa, where they spent two or three weeks. The gentlemen are Nickel Plate firemen and they have reported for work.

V. J. Grosvenor, purchasing agent of the Bowser works, left yesterday for Asheville, N. C., on business for the company. Frank McNulty, of the mechanical department of the works, went to Chicago this morning to enjoy a visit with friends.

United States route mail agents say that there has been a decided increase in business letters through the mails the past two or three weeks. They take this to mean that the general business of the country—mercantile and industrial—is improving.

The semi-monthly pay law in New York went into effect on Oct. 1, but as there is no penalty provided for its violation the railroads are said to be paying little attention to it.

D. Dale, assistant trainmaster of the Vandalia at Terre Haute, has been transferred to Logansport, and L. E. Bailie has been transferred to the position made vacant by the promotion of Mr. Dale.

Business on the Nickel Plate is showing a nice increase. Sunday there were three sections of fast freight train No. 51, westbound. Two of the trains were loaded with grapes from New York and Pennsylvania. There was also an increased traffic in other kinds of freight Sunday and Monday.

Railroad earnings for the fourth week of September make the best showing for any week of the year. Seven of the twenty-five important roads show increases, rather than decreases. The opinion prevails that conditions will continue to improve as the fall weather comes in.

In Pennsylvania during the month of August 92 persons were killed on steam and electric roads and 1,101 were injured. Of the number killed 55 were struck by trains or cars, 11 were killed in jumping off locomotives or cars, 7 by jumping from moving cars, 6 at grade crossings and 4 in collisions.

Gart Shober, of the Labor Times-Herald, who represented the Musicians' union at the state federation last week, was named as one of the committee of arrangements for the celebration of the federation's silver jubilee, which occurs at South Bend next year. The appointment is quite an honor.

I. F. Walters has recovered from an injury received two weeks ago and this morning he resumed charge of the entrance gate to the Pennsylvania shops on Clinton street. During Mr. Walters' absence J. J. Nichter had charge of the gate. He returned to his duties in the machine shop this morning.

Machinist Frank Schille reported for work at the Pennsylvania shops yesterday. With his wife he had been visiting points of interest in the east. Blacksmith Samuel McAfee, of the same shop, also reported for work yesterday. He and his wife had been visiting their son in Wichita, Kan., about two weeks.

A string of ten cars passed through Indianapolis yesterday over the Big Four loaded with brickmaking machinery from Dayton, O., for the federal military prison at Ft. Leavenworth, Kas. The war department recently concluded to use the convicts for making brick. The shipment consists of a complete outfit which is capable of turning out 50,000 to 60,000 bricks in ten hours. The machinery is all of the very heaviest type and the shipment weighs nearly 500,000 pounds.

FIRE LADDIES PET CAT DEAD.

Bones In Animal's Shoulder Broken and It Was Chloroformed Today.

Hippo, the handsome cat that has been a pet of the boys at the Central engine house for the past six years, is dead. In some mysterious manner, Hippo was injured last Sunday evening. The cat was barely able to walk, the bones in the right front shoulder being broken, and it was decided that the most merciful thing to do would be to put the pet animal out of its misery. So this morning the boys of the station gathered around the doctor while the latter wrapped the cat's head in cloths saturated with chloroform. After a short time, he pronounced Hippo dead and an examination was made to determine whether the cat had been shot or not. But no trace of a bullet was found and the boys with glum countenances, accused one of the fire horses of kicking it. While Hippo was taking his last sleep, there was not a word heard from the men who had been the faithful friends of the pet animal, and after its death, they felt as if there was something perceptibly lacking about the station.

When to Use Dr. Williams' PINK PILLS

These pills were originally a prescription used in the doctor's private practice and their benefit to mankind has been increased many thousand fold by their being placed on general sale with the doctor's own directions for use. They are entirely safe and contain no opiates or other habit-forming drugs.

Dr. Williams' Pink Pills are the remedy to use when the blood is thin as in anæmia; or impure, as in rheumatism; or when the nerves are weak, as in neuralgia; or lifeless, as in partial paralysis; or when the body as a whole is ill nourished, as in general debility. They build up the blood, strengthen the nerves and have cured troubles of women and growing girls and many forms of weakness. That hundreds of people have tried the treatment with good results is shown by the increasing number of cures reported.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, $2.50 by the Dr. Williams Medicine Company, Schenectady, N. Y.

WILKINSON SEEKS A SUSPENSION OF SENTENCE

Wants to Plead Guilty to Larceny—Criminal Court.

An effort is being made to secure the permission of Prosecutor Albert E. Thomas to allow Frank Wilkinson, arrested a few nights ago as he was coming out of the basement of Pixley & Co.'s store with an armful of stolen clothing, to plead guilty to the charge of larceny and get off under a suspended sentence. For the reason that Judge O'Rourke was busy in the circuit court today the matter went over.

Wilkinson is charged with burglary, which carries with it a minimum sentence of ten years, and is also charged with entering a house to commit a felony, under which he could get from two to fourteen years or he might get from one to fourteen years for grand larceny.

In event of his conviction of the charge of burglary he will be compelled to serve at least the minimum sentence, as this is one of the crimes in which the power to suspend sentence is taken away from the courts. Mr. Thomas feels that Wilkinson should be punished ,but he is not insisting on sending him up for ten years.

If a plea of guilty on one of the lesser degrees of crime is entered it will be with the understanding that there will be no appeal for a suspension and the prosecutor says that unless this course is taken nothing will be left open to him but to try Wilkinson for burglary and take a chance with a jury. The police authorities also object to a suspended sentence on the ground that they are being given a lot of trouble now with lads who have been let go under suspensions.

HICKOX ASKS CONTINUANCE.

Wants Hearing of Civil Case Disposed of Before Pleading.

Harvey Hickox, charged with the theft of Robert DeWald's big touring car, was in the circuit court today to plead to the charge of grand larceny, and asked a continuance until October 15. He will probably plead guilty at that time.

His reason for asking the continuance is that he does not want to be convicted until after the trial of a case he has pending in the superior court. He instituted an action some time ago against J. I. VanTochine to recover something over $50 that he had paid on a motor cycle. He complained that after he had paid part of the money the machine was taken from him.

William Campbell, involved with Hickox in the theft of the automobile, was also in court and arranged to give bond for his appearance when the case is called.

5,000 DRUGGISTS

Guarantee and Recommend Vinol as the Best Cod Liver Preparation On the Market.

If one person more than another should know the value of medicine it is the retail druggist.

For this reason such testimony as the following should be convincing.

C. A. Potterfield, the leading druggist of Charleston, W. Va., writes "I have used Vinol for every member of my family, and have never been disappointed in its results. It is a pleasure to sell a remedy that gives such universal satisfaction."

Mr J. F. Bradly of New Brunswick, N. J. writes: "It is a pleasure to recommend the cod liver preparation, Vinol, as it gives such splendid satisfaction. I have used it in my family and can recommend it from experience."

As a body-builder and strength-creator for old people, delicate children, weak, run-down persons, after colds, bronchitis, and all throat and lung troubles, Vinol is unexcelled. Some People Compromise

When they think it is "too hard" to quit coffee at once and shift to straight Postum, they compromise the case by using Postum with a little coffee in it. Of course, that isn't "strictly business" and a person will not as quickly recover from coffee ails as if pure

POSTUM

were used, but the compromise is better than to stick to the old coffee habit and continue to suffer. Gradually less coffee can be put into the brew and soon only Pure Postum is used. Then can be expected that the old aches and ails will disappear.

THIRTY YEARS

A Slave to Coffee.

Many persons do not realize that coffee drinking may become a powerful, enslaving habit.

They are not aware that coffee contains a drug—caffeine—which ought never to be taken into the system except for certain diseases and then only when prescribed by the doctor.

The coffee habit grows on most users and is more harmful to some than others. But a drug that acts upon the heart and nerves in the way caffeine does, is not without greater or less harm to all who drink coffee.

"For thirty years," writes a Wash. housewife, "I have been a steady coffee drinker. I wanted it at every meal.

"But I would have sick headache most of the day, and throw up my food. I really suffered awfully from coffee, yet thought I never could stop it.

"Then I heard how good Postum was for such cases, and began to use it. At first I did not care for Postum. I felt sleepy and had headache. I soon found that this was because of the hold coffee had on me, for in about three days after I quit coffee and began to use Postum the headache left me, had no more nervousness and palpitation. In about a week I felt like a new woman.

"I have used Postum three years and when it is made according to directions (boiled 15 minutes)—it is as pleasant as coffee and don't hurt anyone. I ought to know for I was as bad off as anyone is likely to get from coffee drinking. Now I am well."

"There's a Reason."

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Oct. 6.—Unexpected declines in the price of wheat at Liverpool due, it is said, to favorable crop advices from Australia and Argentine, caused weakness today in the local market, opening quotations being ¼@⅜c to ½@⅝c lower compared with the previous close. Selling was general and prices declined still further, dropping to a point about 1c below the highest mark recorded at the start. December opened at 98½@98⅝c to 98⅝c, sold up to 98¾@98⅞c and then declined to 98@98⅛c. Minneapolis, Duluth and Chicago reported receipts of 1,062 cars. The market was nervous throughout the remainder of the day, prices fluctuating over a range of about 1c. Sentiment became bearish late in the afternoon as a result of a slackening in export business at northwestern grain centers, and the close was weak with December off ⅝c at 98⅛@98⅜c.

Corn was bearishly affected by the weakness in wheat. Prices declined fully ½c before the end of the first half hour. December opened a shade to ¼@⅜c lower at 64⅝@64⅜c, sold at 64⅞c and then declined to 64⅛c. Local receipts were 167 cars. The market was inclined to be weak all day and closed at about the lowest point with December down ½c at 64⅛@64⅝c.

Commission houses were firm sellers of oats but there was only moderate declines. December sold off to 48⅝@48¾c after opening at 49c.

Renewed profit taking caused further declines in provisions, opening quotations being unchanged to 20c lower compared with yesterday's close. The market was bearishly affected by liberal receipts of live hogs at western packing centers, the arrivals today being nearly 25,000 head in excess of those of the corresponding day a year ago.

The Close.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Oct. 6.—Prices of stocks opened today at a strong rebound from the closing depression of yesterday. The Harriman Pacifics were features but there was an active and well divided demand elsewhere. Ten thousand shares of Union Pacific were taken at 164½ and 165 compared with yesterday's last price of 163. Southern Pacific rose 1⅝, St. Paul and Atchison 1¼, Northern Pacific, Reading, Erie and American Smelting a point and Amalgamated Copper, National Lead and Rock Island preferred large fractions.

Prices were not long maintained around the opening level, heavy realizing in Northern Pacific depressing it ½ below yesterday's closing, which induced selling of other stocks. The Harriman stocks showed good resistance and their strength subsequently pulled up the market again.

Prices went lower again, Northern Pacific & Alton advanced 2 points.

The trading fell into neglect and prices moved sluggishly and uncertainly. Allis-Chalmers preferred extended its rise to 3; Canadian Pacific lost 1⅜, General Electric 1⅝, and Great Northern preferred and Illinois Central 1. The tone was easy at noon with prices at the lowest. Bonds were irregular.

Prices went lower again, Northern Pacific going 2⅝ under last night, Reading 1⅝ and General Electric 2 points.

The strength of Rock Island preferred at a 2¼ point advance helped to rally the market later.

Bear operators had matters pretty much their own way for a time and succeeded in lowering prices very materially. Reading and the western stocks were the main points of attack, especially Northern Pacific, which was influenced by the prevailing uncertainty as to the dividend action today. Northern Pacific broke to 140, which placed it 2 points under yesterday's closing, Reading 1⅜, St. Paul and Missouri Pacific 1¼ and Louisville & Nashville, Wabash preferred, Distillers Securities and Western Union 1 point.

Covering of shorts brought about a good fractional rally at 1 o'clock.

The market closed active and strong. Rock Island preferred was the sustaining force in the market with a 5 point rise. Union Pacific recovered to near the best and the general list was restored to above last night's level.

St. Louis & San Francisco first preferred rose 3, and the second preferred 2, Minneapolis & St. Louis 3½ points.

THE MONEY MARKET.

New York, Oct. 6.—Money on call easy, at 1@1¼%; ruling rate, 1¼%; closing bid, 1%; offered at 1¼.

Time loans, steady; sixty days, 2¼%; ninety days, 3%; six months, 3½%.

LOCAL MARKET EPITOME.

For Tuesday, the wholesale produce market today was considered large. The receipts were mostly in apples, potatoes, corn and cabbage, but there was just enough other produce to satisfy the buyers. There is a wide margin in the quality of apples now on the market and this results in a wide margin in the price. They sold today for prices ranging between 40c and 80c per bushel. The very best quality of potatoes today did not bring more than 70c per bushel, while many of them sold for 10c less. Buyers are beginning to take hold of cabbage for storage purposes and to make sauer kraut and they sold this morning for 60c per dozen. They are of good size and the quality is good. There was but little call for chickens this morning, something out of the ordinary, but seemingly the farmers foresaw this as the receipts in this article amounted to nothing. The receipts in butter and eggs were met with easy demands.

Creamery butter, wholesale, advanced ½c this morning and will probably go higher again tomorrow. It sold today for 28@28½c per pound.

Said G. H. Crouse, of the commission house of Howenstein & Crouse, this morning: "Farmers are practically through with their wheat sowing and we expect the market tomorrow to show the effects of this with heavy receipts in all lines. The demands tomorrow will be for nice apples, spring chickens and good cabbages. The prices will run as they did today, chickens bringing 10@12c per pound."

LECTURED AT DECATUR.

Dr. E. J. McOscar, of this city, delivered a lecture before the Knights of Columbus at Decatur last evening. Dr. McOscar's theme was his recent tour of Europe.

MARRIED MAN IN TROUBLE.

A married man who permits any member of the family to take anything except Foley's Honey and Tar, for coughs, colds and lung trouble, is guilty of neglect. Nothing else is as good for all pulmonary troubles. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Dreier & Bros.

The Bash Fertilizer plant, situated about eight miles west of the city, had a narrow escape from destruction by fire Monday. The dry muck of the prairie in that vicinity caught fire and it was only through the efforts of the employes and a number of farmers, that the building was saved. The fire is still raging and unless rain sets in soon, the efforts of the men may be of no avail.

SAVED HIS BOY'S LIFE.

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. Dreier & Bros.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. Angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass is such that she looks forward with dread to the hour when she shall feel the thrill of motherhood. Every woman should know that the danger and pain of child-birth can be avoided by the use of **Mother's Friend,** which renders pliable all the parts, assisting nature in its work. By its aid thousands of women have passed this crisis in safety. $1.00 per bottle of druggists. Valuable book of information to women sent free.

WISDOM OF WISEHEIMER.

IT'S THE NEW COOK THIS TIME, DEAR! SHE GOES TOMORROW AFTERNOON—
WHERE'S THE REST OF THIS OLD GIPSY COSTUME? I'LL TAKE A DAY OFF TOMORROW & SEE WHAT I CAN DO!—
FORTUNES! FORTUNES! ONLY 2¢.
YOU ARE ABOUT TO MAKE A CHANGE BUT IT IS UNWISE, FOR IN A SHORT TIME A HANDSOME YOUNG POLICEMAN WILL COME ON THIS BEAT, INHERIT A LARGE FORTUNE, FALL IN LOVE WITH YOU AND—
OH I'LL STAY! I'LL STAY!
SURE! LEAVE IT TO ME! THAT'S ALL!
